Re: 93-4009

I made a mistake of taking the claim for 5 acres of irrigation. Harold Emtman statement in 1987 describes the right for one acre of irrigation. After March 25, 1963, a water right application needed to be submitted for non-domestic use, so we can only recommend one acre. An application form is enclosed for your use. I apologize for not catching this when you were our office.

Sincerely,
