RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.

RE: Change of Ownership, Water Right 71-10100

Dear Mr & Mrs Forsgren,

IDWR has completed the ownership change you submitted for the above referenced decreed water right (copy enclosed). Please review the name and address information carefully for errors. For example, is the address up to current postal standards?

I have also enclosed a printout of the license 71-7132. Our records show that this right is also for the property that you purchased. In the time since you submitted the ownership change with IDWR the Idaho Legislature passed a statute requiring ownership change reporting requirements for ALL water rights, not just SRBA claims (like 71-10100). **Please call me to confirm that 71-7132 is also is for the property that you purchased and I'll forward the present paperwork to the appropriate person for completion.** Normally there is a cost of \$25 per water right on rights not pending in the Snake River Basin Adjudication for ownership changes. Because the owner change was filed before the effective date of the statute I will strive to have the change completed without fee, although I cannot promise that the fee will be waived. Change of ownership for right 71-10100 (SRBA right) has been completed and there would be no charge on that right.

Thank you for your attention to this matter. If you have questions or there is some problem please call this office for assistance.

Sincerely,

Douglas Jones, P.E.

DIRECTIONS TO PROPERTY / REMARKS:

On the morning of 5/12/93 I stopped at the store & met Jim Funderburg. I asked him about evidence of priority and he said he had obtained a statement from Mr. Surge. He also showed me a photo-graph of the old store taken in 1929. He showed me the old well behind the store and indicated that it was presently used as a backup for the store residence, gas station & motel complex. The well located inside the motel laundry room is what presently supplies the needs. The old well is used as a backup.

Review of evidence supports contention that house existed in 1980 with maybe store added in mid-thirties with definite proof (photo) of store & residence 69, Station 1929. In photo the building look several years old.
