DESCRIPTIVE SUMMARY

This is a stipulation to resolve the United States' objection to all elements of water right number 34-04155 except priority date.

STIPULATION

To resolve the dispute over the above-captioned water right, the claimant and the objector, the United States of America, and the Idaho Department of Water Resources (IDWR), stipulate and agree as follows:

Stipulation to Resolve Objection

1. The water right is accurately described in Exhibit 1, a revised page of the Director's report showing specific changes made to the Director's original recommendation in an underline/overstrike format.

2. The water right as described on Exhibit 1 does not include an agreement as to the priority date. The parties have not to date reached an agreement as to priority date, so this element is left blank on Exhibit 1.

3. All decrees, whether partial or final, should describe the water right as modified and described in Exhibit 1.

4. All parties agree to bear their own costs and attorneys' fees in connection with the matters resolved by this stipulation.

5. This stipulation is entered into and executed voluntarily by all parties in good faith, and without any fraud, misunderstanding, overreaching, misrepresentation, duress, or undue influence, whatsoever.

Respectfully submitted,

UNITED STATES OF AMERICA,
on behalf of the BLM,
Claimant & Objector
