This form is used to report the stipulated elements of one water right under state law or one water right acquired under federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law, and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

Instructions For Use

Elements where there has been no objection should be listed exactly as they appear in the director's report. The statement as to an uncontested element shall state "as recommended in the director's report."
