Honorable Judge Wildman

Snake River Basin Adjudication

You're Honor,

I am sending two pictures that I took of the point on Rock Creek, at elevation 5302, that JR Allen calls "his upper diversion".

I would like to prove that JR Allen and/or IDWR are showing no respect for your Administrative order of February 27, 2013 at the SRBA. **Case No. 39576, Subcase #65-23481.**

Allen and his irrigators rebuilt and put the pictured diversion back into service on June 13, 2013. They are diverting well over half of Rock Creek with **no** controllable, measureable or lockable device in place.

Thank you.

Respectfully yours,

Jim Bunce
