Additional explanation or supporting documentation of the error:

Standard Form 5s (SF5), for rights 01-59 and 01-60 (Enterprize Canal Co. LTD), were filed with the Court June 13, 2008. The SF5s, which removed federal land from the digital boundary, were submitted with updated digital boundary maps and compact discs. The rights moved to partial decree in October 2008. IDWR staff has recently discovered the partial decrees contain the map submitted with the original recommendations reported in 2006, instead of the map dated February 22, 2008, provided with the SF5s. IDWR requests the map referenced in the digital boundary language shown under the POU element of the partial decree be replaced with the 2008 map.

The replacement of the map will have no impact on the digital boundary CDs provided to the Court with the 2008 SF5s.

Water right 01-233 is associated with 01-59 and 01-60 and is addressed in a separate Request for Correction of Error submitted concurrently with this Request.

For more information about the error the Court and/or water right holder should contact the person identified below.
