Memorandum For Record

Re: Corrections to Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim 92-8243

I telephoned Mr. Dennis Irish on March 13, 2013 after receiving a call from him in response to my February 6, 2013 letter. Mr. Irish told me during the phone conversation that:

- 1) Well 3 on the map evidence submitted for Claim 92-8243 has not been placed into service. The well is capped and has no pump installed.
- 2) Mr. Richard Dombrowski; owner of Kootenai County parcel 47N03W-08-5500; has an easement to Well 3 and an agreement exists for him to use Well 3 if Dombrowski's own well provides insufficient water. Mr. Dombrowski hasn't used either Well 2 or Well 3 to date.
- 3) Mr. Dennis Irish agreed that he claimed use of his Well 3 for the Dombrowski property in the mistaken belief that he would be unable to get a water right for this well if he failed to claim it during the Adjudication.
- 4) Mr. Irish has used Well 2 briefly for a Recreational Vehicle (RV) hookup and believes it was used by a prior owner.
- 5) Mr. Irish is planning use of his wells for a vineyard. I told him this would likely require a Water Right Permit application.
- 6) I told Mr. Irish I would review the AIN file for the Well 2 parcel for evidence of well use and send him any relevant well use information.
- 7) I mailed Mr. Irish a Water Right Permit Application and Instructions plus pages from an AIN file indicating a mobile home had been on the property in 1993 and a Greenhouse and pole barn had been on the property in 1995.
