Case No. 39576

) Subcase No. 34-02055

)  
) ORDER VACATING SETTLEMENT  
) CONFERENCE and ORDER  
) REQUIRING AMENDED  
) STANDARD FORM 5

On January 4, 1995, a *Standard Form 5, Proposed Elements of a Water Right* was filed with the court for this water right. The signatories to the *Standard Form 5* are: the claimant Young Harvey Walker, the objector United States Department of Justice for the Bureau of Land Management, and the respondent State of Idaho Department of Water Resources. Thus it appears that all parties to this subcase are signatories to the *Standard Form 5*.

Since all parties to this subcase appear to have reached an agreement as to this water right, as set forth in *Standard Form 5*, IT IS HEREBY ORDERED that the Settlement Conference previously scheduled for January 24, 1995 is **vacated**.

IT IS FURTHER ORDERED that the Deadlines for Initial Disclosures and Settlement Statements for this subcase are **vacated**.

The *Standard Form 5* which was submitted in this case, however, appears to be incomplete for the following reasons:

[X] A copy of the recommendation contained in the director's report for this water right was not attached.

[ ] The parties failed to provide the court with a required statement for element  
\_\_\_\_\_.

- ☒ The parties provided a mere conclusory statement for element 8 instead of a complete statement which fully describes all the stipulated facts, documents, expert opinions and law which support this element of the water right.
- ☐ The parties failed to provide the court with a required statement describing the stipulated facts, documents, expert opinions and law explaining why this claim is withdrawn.
- ☐ The parties provided a mere conclusory statement for element 10 instead of fully describing why these matters are necessary to define this water right, and fully describing why these matters do not fall within the nine elements listed. The statement required for element 10 should include a full explanation of the stipulated facts, documents, expert opinions and law which support including this as a separate element of this water right.
- ☒ The legal descriptions appear incomplete for elements 5 and 8.
- ☒ Other: The information provided in element 3 is confusing as to total quantity.

IT IS ORDERED that the parties to this subcase shall submit an *Amended Standard Form 5* which complies with all of the requirements of Standard Form 5 no later than February 14, 1995.

IT IS SO ORDERED.

DATED January 19, 1995.
