RE: Two SRBA Claims (1 domestic well)
(1 goat creek diversion for irrigation)

Dear Claimant:

Please find enclosed your claims and your check # 1730 for \$50.00 which you submitted to our office. I am returning these pursuant to Rule 10,4 of the Department's Adjudications Rules and Regulations.

The ORIGINAL DEADLINE for filing timely claims in CUSTER COUNTY was JANUARY 12, 1990. Since our records indicate you were sent notice of the first deadline on SEPTEMBER 18, 1989 your claims are considered late and subject to the additional late fee listed below.

Additionally, in checking your claims it appears that the following items need clarification:

DOMESTIC WELL

[] Item #4 & Item 10 (Point of Diversion Legal Description from your map appears to be NW1/4NE1/4 Sec. 17, T10N, R13E.

[] Improper fee Normal fee is \$25.00
Late fee is \$50.00

THE TOTAL FEE DUE IS \$ 75.00

****PLEASE NOTE THAT DOMESTIC &/OR STOCKWATER CLAIMS MAY BE DEFERRED.**
PLEASE FIND ENCLOSED A BROCHURE WITH A MORE DETAILED EXPLANATION.

GOAT CREEK DIVERSION

Depending on the situation this use may be claimed as domestic or irrigation. The determining factor is the amount of land irrigated. If the irrigated land is less than 1/2 acre then you could claim the use as **domestic** on the short claim form. If the if the land irrigated is more than 1/2 acre then the use must be claimed as irrigation on the long form. The difference between the two types of claims is that the short form is less expensive and Domestic/Stock is deferrable and the long form is more expensive but irrigation use is not deferrable so if not claimed the right is lost.

In reviewing your claim for Goat Creek your claim seems to infer that the use dates back earlier than 1971. I reviewed our old water right records and found that several old decrees from Goat Creek dating back into the early 1900's are recorded on the tracts of land which your land is a part. Please find enclosed copies of the number lists for

MICROFILMED

MAR 17 1993

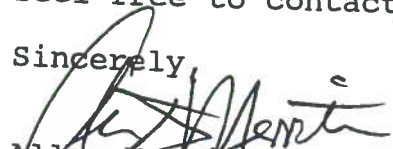

Page 2 May 4, 1992

the old water right records and a list for the SRBA claims based on these old records. As noted many of the old rights are claimed and some are not. Also enclosed are proof reports for these old water right records.

If you claim water from goat creek you will have to identify the number of acres irrigated and locate the acres within the appropriate 1/41/4 tract. The fee for the long form for irrigation is \$50.00 base fee plus \$1.00/ acre irrigated plus \$50.00 late fee.

Please find additional forms enclosed for your use. If you will make the necessary corrections and return your claims with the correct fee our office will process your claims. If you have any questions please feel free to contact our office.

Sincerely,

Allen Merritt, P.E.

Dear Sirs,

Enclosed is my application for
water rights via a domestic well and one for
irrigation water from Goat Creek near
Tanley, Id.

I have enclosed a warranty deed
which contains the property's legal
description. The various $\frac{1}{4} \times \frac{1}{4}$ breakdowns
don't seem to correspond well to the
land spaces on the application. So I
we also included an extended version
a survey of the property out to the
origin of the ditch water from Goat
Creek. That survey is dated 12-28-70.

Also enclosed is a check for \$25⁰⁰
- a filing fee for each claim. Total
amount \$50⁰⁰

I have written to Jack B. Farey, from
whom I purchased the property in 1971,
asking him to send an affidavit pertaining to
the origin of the ditch which provides, and
has provided for well over 20 years, water to
