Karen L. Gustafson, Records Manager

Dear Ms. Gustafson:

Thank you for your letter to Rozalys B. Smith Trust dated July 31, 1993 regarding permit No. 71-07135.

Based on a field review with Allen D. Merritt, Water Rights Supervisor from your Twin Falls Office, we have concluded that we need to increase the efficiency of our irrigation practices and do not need the additional water applied for under this permit. We, therefore, will not be constructing the structures necessary to convert to beneficial use and request that you terminate this permit.

We intend to work with the Soil Conservation Service to develop an irrigation plan for the Idaho Rocky Mountain Ranch which will significantly increase the efficiency of water utilization under the currently authorized water rights.

Our field review also found that we do not have a water right which authorizes the impoundment of water in our existing pond during non-irrigation seasons. The enclosed application is made in order to authorize that existing use. Enclosed is a check for \$102, the fee for such permit according to Mr. Merritt.

Sincerely,

Theodore M. Horras
