Re: Amended Notices of Claim - Basin 71.

Department of Water Resources
Southern Region

Dear Allen:

I am filing amended claims for the United States of America on behalf of the U.S. Department of Agriculture Forest Service ("Forest Service") in Basin 71 of the Snake River Basin Adjudication for the upcoming Director's Report for Irrigation and Other Water Rights. These amendments are based upon Forest Service information and information from IDWR field investigations. A brief description of these claims follows:

1. Two unnumbered claims at Merritt Spring. This is in lieu of 71-02107. I do not anticipate pursuing this irrigation claim. However, the Forest Service maintains a pasture for horses and mules at Tuckaway Ranch that requires stockwater claims. One claim is for the Merritt Spring and the natural pond at this source. The second claim is for the ditch leading from this source out into the pasture. Kelly Christensen suggested that these will receive State identification numbers when they are received by your office. Please notify Steve Spencer when numbers are assigned to these claims. I understand that irrigation of part of the horse pasture as 71-07002 will be recommended.
2. 71-10277 and 71-10278 are for irrigation of 15 acres of land acquired by the National Forest System in 1974 and used by the Forest Service as pasture for government owned horses and mules.
3. 71-10726 is for irrigation of 20 acres of land acquired by the National Forest System in 1974.
4. 71-10728 is for irrigation of 11 acres of National Forest System land.
5. 71-10729 is for commercial use at Redfish Lodge, all situated on National Forest System land.
6. 71-10770 is for irrigation by the concessionaire of approximately 5 acres of National Forest System Land as the grounds and landscaping associated with Redfish Lodge.
7. 71-10871 is for irrigation of 67 acres of National Forest System land.

We will also be filing amended claims for several water rights associated with the Busterback Ranch and Valley Creek.

If you have any questions about these claims, or any other claims to water use by the Forest Service that are or should be involved in the Director's Report for Irrigation and Other Water Rights in Basin 71, please contact Steve Spencer or me.

Very truly yours,

Randall J. Bramer

RE: Snake River Basin Adjudication (SRBA)
Custer County - Notice of Claim to a Water Right #A71-10729

Gentlemen:

We are returning the Notice of Claim to a Water Right referenced above because there is an incomplete item.

A critical item of the water right, the date of priority, was left off your claim in Item #2. This is the date that the water was first placed to beneficial use to the best of your knowledge. If in fact, the source of your water is surface water, i.e. a spring or other free flowing water, the priority date should be prior to May 20, 1971. If your use does not meet these requirements, an Application for Permit may be necessary.

Please return the document to this office to my attention. Do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Donald V. Shaff', written over a horizontal line.

I saw the FS claim A71-10729 stalled on the BAT UPD last night with a C-hange transaction (trx) code where such a record does not exist on the Host. For some reason in March I deleted this record. Attempting to help, I copied "your" record to A71-20729 (Stage = J, S/F Indicator = S) just now with the objective of doing some deleting and copying to have a A71-10729 with an A-dd trx code. SSHAFF does not have privelege to AJDEL. I think this plan will work if you would implement the action: AJDEL A71-10729 from the Region file; copy A71-20729 to A71-10729; AJDEL A71-20729. I think we will be back to an A-dd trx code for the target record with only AJ_DELETED_RECORDS with any trail of what happened. Doug has told me before this kind of action is easier than them changing the trx code on the file. Thanx

RE: Request For Further Information

Dear Mr. Breamer:

As you may already know last Wednesday, January 26, 1994, I phoned your office and talked with Mr. Bob Kenworthy regarding numerous issues that I need addressed before I finalize my recommendations for the USFS rights in the Sawtooth Valley. Dave Shaw, my boss, wants things wrapped up by March 1, 1994 so I would like a response to these issues as soon as possible, preferably by the first week in February.

The issues I discussed with Bob include:

A71-02004D I question the basis of claim. My review of the original license 71-02004 finds this water right was developed for other lands from a different P/D than what the USFS is presently irrigating. I have copies of unsigned deeds at the time the USFS obtained the property. One deed references a decreed right. One deed references license 71-02004. Since this is all contradictory and license 71-02004 is overclaimed and the amount claimed under A71-02004D does not appear to be sufficient to cover the ditch loss and irrigation application rate that appears to have been historically used I discussed with Bob that maybe you might consider changing the basis of the claim to "Beneficial Use" and claiming more water.

A71-00029A, A71-00028A & A71-02085C These claims by the USFS are for land that appears to have not been irrigated for some time or never irrigated by the sources claimed. I request information as to the aquisition of these water rights since the base rights are overclaimed and also information as to when these lands were last irrigated if ever.

A71-10725 This claim is for USFS land being irrigated by Neider. Neider has filed a competing claim which I have reviewed and it appears that I will allow 1 more acre than you have presently claimed. I discussed with Bob the possibility of you amending your claim accordingly.

MICROFILMED

OCT 28 1994

A71-10729 This USFS claim is for a spring historically used at Redfish Lake Lodge. In reviewing the claim in the name of Redfish Lake Lodge for the well serving the Lodge I am under the impression that the spring use not been used for many years. Please provide evidence of when the spring was last used. Regarding related matters I discussed with Bob the claims filed in the name of Redfish Lake Lodge/See and licenses in their name not claimed. Maybe the USFS wishes to file claims for these uses.

A71-02053 This claim is for an old license that does not appear to have been used for a long time. I request information as to when when and by whom it was last used and if used recently how the property was irrigated.

A71-00063 & A71-02008 These claims have similar issues to A71-02053 listed above.

A71-00027A & A71-00026A These claims are for portions of decreed rights that have been fully claimed. In talking with these claimants I understand the water was reserved when Ocamica sold the property. I request that you supply me with deeds as to when the property was obtained by the USFS to confirm that you obtained the rights.

A71-04036 This claim is for land claimed by another (Fred Stewart) who indicated at the time of my field review he had been in litigation with the government. Could you enlighten me as to the outcome of this lawsuit and who owns the property.

Another issue was that of a well developed at Camp Luthy recently. You have claimed one well so I discussed with Bob the possibility of you filing something on the new well. (Either a claim or a permit)

This morning after I started this letter I talked to Bob again on the phone and we discussed a conference call tentatively for Feb 3, 1994 at 10:00am. Hopefully this letter will help us focus on the issues. I hope I have covered all but some new ones may crop up. I will talk to you next week.

Sincerely,

Allen D. Merritt, P.E.
