RECEIVED

DEC 29 1993

Department of Water Resources

Dear Mr. Keon,

I'm sorry we couldn't get back with you sooner but we have been down with the flu.

In response to your questions,

1. The land is $20\frac{1}{2}$ NE $\frac{1}{4}$ started to be watered from Mr. Weyand well about 1978. There is a lease agreement for this land, but nothing regarding water use.
2. The additional acres were cleared up about the same time as putting in the well in 1973. A portion of land is sec 23 NW $\frac{1}{4}$ & NW $\frac{1}{4}$ I farmed & a ^{portion of} ~~section~~ SE $\frac{1}{4}$ NE $\frac{1}{4}$ was farmed by a Mr. Tilley on a exchange - he to farm portion of SE $\frac{1}{4}$ NE & parts of NE $\frac{1}{4}$ SW $\frac{1}{4}$ lying on west side of canal. With him putting his well water on.

RECEIVED

DEC 29 1993

Department of Water Resources

At about 1980 the agreement was out & we went back to farming our own land. At that time I moved the canal & has been farmed by Mr. Wysocki since my water from my well. So answering your question as to expansion coinciding with construction of new canal channel. No - the clearing up & farming of it had mostly all been done prior to moving canal channel.

3. The land on NW 1/4 SE 1/4 S21 was first irrigated from Mr. Wysocki's well about 1980. Before that the farmable land was watered by Abbeys Spring field water. Since ^{about} 1980 it has been watered from Mr. Wysocki's well.

Dear Mr. Bethke:

Thank you for calling last week regarding water right 35-07788. As we discussed briefly at that time, I am also reviewing some other SRBA water right claims you filed. During my review, I have discovered that I need some additional information in order to draft IDWR's recommendations to the SRBA court. Please respond to the following questions by **December 24, 1993**. We are attempting to complete our review for your area by the end of the year.

- When did the W $\frac{1}{2}$ NE $\frac{1}{4}$, S23, T7S, R30E, come to be irrigated from Mr. Wynn's well in S24? If there is a lease agreement for this land, what are its terms regarding water use?
- When was the E $\frac{1}{2}$ NW $\frac{1}{4}$, S23, T7S, R30E, cleaned up so that additional acres could be farmed? In 1976 the NE $\frac{1}{4}$ NW $\frac{1}{4}$ was licensed for 33 acres of irrigation, and the SE $\frac{1}{4}$ NW $\frac{1}{4}$ was licensed for 25 acres. It now appears these tracts are much closer to full forties. Did the expansion coincide with the construction of the new canal channel?
- When was the NW $\frac{1}{4}$ SE $\frac{1}{4}$, S23, T7S, R30E, first irrigated from groundwater? Was it always irrigated from Mr. Wynn's well? If there is a lease agreement for this land, what are its terms regarding water use?

If you have any questions, please contact me at 327-7934 in Boise.

Sincerely,

Shelley Walter Keen
Senior Water Resource Agent
