Corrected Statement Regarding location of Point of Diversion License 94-7259

My Statement dated August 20, 2013 regarding the location of the Point of Diversion (POD) (spring) for License 94-7259 is incorrect.

The original legal description for the spring shown on License 94-7259 is correct. I went to the location of the spring on August 31st or September 1, 2013 and used a compass to verify the location of the spring. I also verified that the location of the spring is correct with my neighbor; Roy Mortensen; who shares use of water from this spring. He is in agreement that the spring is located on Kootenai County property tax parcel 47N02W-19-9200. This parcel is owned by Annie Peery.

The location for the spring that has been used for License 94-7259 has never changed during my ownership or father's ownership. My father applied to establish the water right in 1983.
