JUDY: She described a domestic well that was replace with city water and is now used for supplemental irrigation on 2-2 ½ acres. I checked the D&S claim and found it is already decreed by the SRBA court. She wondered if she should amend it ... I told her it is best to leave that right alone. If the use does exist and can be documented it would be best to file a separate claim for the irrigation. I described how to gather an affidavit and she will submit another claim when the details are gathered. I did offer her the option of filing a new application for permit but explained it will be held in the moratorium. Another option was to buy water and transfer it to this parcel. Claim: 41-10102.
