1. I currently reside at Hagerman, Idaho. I am of the age of 80 years. My wife, Virginia, and I were the predecessors in interest to Ronnie D. Smith and Sharlene Smith, husband and wife, to the water right and real property, which are the subject of this matter.
2. My wife and I owned the real property from 1979 to 1991. Livestock was grazed on the real property every year during our period of ownership. 3. At my request, Harry Ganguet would occasionally bring ~~his~~ generator down and connect it to the pump and motor. It would be used to pump water from the well two or three days at a time. Mr. Ganguet used a large generator, which generated alternating current. I do not know of the specific mechanism he used to connect the generator to the pump and motor, but he did do it.
4. The irrigation water produced from the well by the generator was necessary and beneficial to the production of pasture on the real property every year it was used.

DATED this 25 day of June, 1995.
