Overlap with other water rights: _____

Does overlap increase rate of flow, volume, additional acres, different source for same acres? Explain:
Muir v Allison = limited 0.9 cfs combined (for all splits off 67-79)

Delivery System Narrative: current system: 6" buried PVC running east to west along north property line, 6" gated pipe running north to south on east + west property line, with segments branching off running east + west (gravity flow north to south). For garden + yard there is a 2" gate valve that splits off to risers for 3/4 - 1" various hoses + variety of sprinkler types.

Previous system: dirt ditch running east to west along north property line, dirt ditch running north to south on both west + east property line) w/ branches running off these (gravity flow north to south)

Well or Diversion Identification No GPS ID	Motor Make	Hp	Motor Serial No.	Pump Make	Pump Serial No. or Discharge size
NE corner from house	Fairbanks Morse	1 1/2	SP100A		2" gate valve to 6" gated pipe or split off to 2" line to risers in yard for 3/4-1" hose attachment

FLOW MEASUREMENTS:

Attach appropriate documents

NARRATIVE/REMARKS/COMMENTS
12" at headgate with full pipe (overflow goes back to the Weiser River), 12" buried pipe converts to 10", converts to 8", converts to 6" running full length on the north property line (east to west) 6" maximum capacity = 0.98 cfs, discharging to 6" gated pipe. Flow is determined on users up line. Installed fall 1983 (open ditch prior to that)

Directions: Thru Council (going north), take Fruitvale turn off to the left, go 6.5 miles, 3086 Fruitvale Glendale Rd located on right side. POU is residence property + acreage to south + to east + southeast. POD 3147 Fruitvale Glendale Rd, then, west approximately 135', go down the bank to the Weiser River Trail, turn west + go 228' to a path going down the the Weiser River (visible dam at this location). To find headgate that converts to 12" buried pipe, get back up on the Weiser River Trail + continue west about 450' + headgate will be on your left side.

AFTER EXAM THE FILE SHOULD CONTAIN:

- [X] Completed claim checklist
- [X] Photographs of POD's and POU
- [X] GPS readings
