1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

The limitation to only 3.0 acres in any irrigation season.

2. Describe the changes you wish to make in the proposed recommendation:

It should read about 12-15 acres in any season.

3. Give a brief explanation as to why you disagree with these portions:

By flood irrigating using right #41-0008C first, I have been able to get satisfactory crops by following up with the sprinklers on a much larger area than 3 acres.

This has been how this water has been used.

☐ I AGREE with this proposed recommendation; no changes need to be made.
