STANDARD FORM 2

RESPONSE TO OBJECTION

95-12-0052

INSTRUCTIONS

This form must be used to file a response to any objection filed against a water right recommended in a Director's Report. You may respond to objections filed against one water right, using one response form. The water right number listed as the "Case No." on the Objection you are responding to must be inserted above as the "Case No." If you choose to file one form to respond to all objections filed against the same water right, your response should cover every issue raised in the objections.

To respond to objections filed against more than one water right, you must file a separate response form for each water right. Forms may be obtained from the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form, as long as it is identical to the court's form. You must file your response by the deadline shown in the notice that IDWR mailed to you. The response must be received by the court on or before the deadline specified. Instructions for mailing this response are found at Page 5, and must be strictly followed.

Any party physically filing 25 (twenty-five) or more responses must make an appointment with the Clerk of the Adjudication Court and arrange for an appointment to file multiple objections.

By filing a response form, you are certifying that the response is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needless increase in the cost of litigation.

You must state the reason(s), by number, for each box checked. You may use additional pages if necessary.

Box 7 and 8: Big Bend Irrigation and Mining Co. objected to the period of use and the United States objected to the nature of use. The recommendation for wildlife use under this right is limited to the irrigation season only. IDFG has used its 40 shares (1.6 cfs) of water for year-round wildlife purposes at the Hagerman Wildlife Management Area since 1951.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

Revise the Director's Report to show wildlife and wildlife storage year-round under this right in the following amounts: Wildlife 1.6 cfs, 1-1 to 12-31 and Wildlife Storage, 2.5 AFY, 1-1 to 12-31. In the alternative, recommend right 36-00133 for the same purposes, quantity and season of use, or allow claim 36-00133A for the same.

Please note that you should attach copies of documents which support your response. Note on each document the "box number" it supports.

☒ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary:
