Subject: Amended SRBA Claims– Norman Hansen

Dear Jan:

On behalf of Norman Hansen, I am pleased to submit the following amended SRBA claims for irrigation from Pine Creek and West Pine Creek in Basin 67.

1. Amended Claim 67-185B
2. Amended Claim 67-186B
3. Amended Claim 67-188
4. Amended Claim 67-189
5. Amended Claim 67-190
6. Amended Claim 67-4057
7. Amended Claim 67-4058
8. Amended Claim 67-4063

The eight amended claims seek a permissible place of use totaling 169.3 acres.

- Five of the eight claims are decreed rights currently authorized for irrigation of 124 acres within a 125-acre place of use, based on water right transfer 3557. The transfer was submitted on October 14, 1988 and approved on April 19, 1990. However, Mr. Hansen has apparently been irrigating a 169.3-acre place of use using the five water rights since 1974. Therefore, these five claims have been amended to show 124 acres of irrigation within a 169.3-acre permissible place of use.
- The 169.3-acre permissible place of use is also irrigated under three statutory claims (67-4057, 67-4058, and 67-4063). These statutory claims have been amended to also show the 169.3-acre permissible place of use.

Four diversion points are proposed. Transfer 3557 included the three upstream diversion points in Sections 31, 32, and 5. Transfer 3738 (rights 67-185B, 67-186B, 67-4057, 67-4063) included these three diversion points, plus a fourth diversion point in Section 4.

Two Farm Service Agency aerial photographs showing the places of use are enclosed. The delineated fields on the Section 4 photograph total 123.5 acres. The place of use on the Sections 32 and 5 photograph totals 45.8 acres. Therefore, the irrigated area totals 169.3 acres.

Please contact me with any questions.

Sincerely,

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects the change in address.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you again for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.
