Case No. 39576	)	
	)	MOTION TO DISMISS OBJECTION
_____	)	

Descriptive Summary

This is the United States' Motion to Dismiss Objection.

I. DISCUSSION

The United States hereby moves to dismiss its objection in the above-referenced subcase. In support of this motion the United States states that:

1. The United States, on behalf of the Bureau of Land Management, filed its claim in this subcase within the time prescribed by the Court for Reporting Area 01, Basin 34.

2. The claim was recommended by IDWR as claimed.

3. Following the issuance of the Director's Report, it appeared that there had been an error as to the priority date claimed. Specifically, the United States had claimed a priority date of June 28, 1934 although it had meant to claim a priority date of January 1, 1884.

4. As a result of what appeared to be an error and pursuant to direction from the Court, the United States, on behalf of the Bureau of Land Management, filed an objection to this claim.

5. The United States has decided to forego pursuing the objection and will agree to have the water right decreed with a 1934 priority date.

6. IDWR had recommended this claim with the 1934 priority date.

II. CONCLUSION

WHEREFORE, for the foregoing reasons, the United States respectfully requests that the Court grant this motion and dismiss its objection to this water right claim and decree the water right as recommended by IDWR.

Respectfully submitted this 5th day of December, 1995.
