

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM.

CIVIL CASE NUMBER: 39576

Ident. Number: A41-00037
Date Received: 2/09/1990
Receipt No: 5011325
Received By: SCC

RECEIVED

FEB 03 1990

NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

Department of Water Resources

Southern Region Office

1. Name: WEST DITCH COMPANY
Address: P.O. BOX 357
ROCKLAND, ID

208-548-2311

83271

2. Date of Priority: MAY 04, 1884

3. Source: ROCK CREEK

Trib. to: SNAKE RIVER

4. Point of Diversion:

Township	Range	Section	1/4 of	1/4 of	1/4	Lot	County
10S	30E	1	NW	NE	SE		POWER

5. Description of diverting works:

VIA WEST DITCH, MIXED SPRINKLERS & GRAVITY

6. Water is used for the following purposes:

Purpose	From	To	C.F.S.	(or)	A.F.A.
IRRIGATION	04/01	11/01	5.500		

7. Total Quantity Appropriated is:

5.500 C.F.S. (and/or)

A.F.A.

8. Total consumptive use is 1000.0 Acre Feet Per Annum.

9. Non-irrigation uses:

10. Place of Use:

Township	Range	Section	1/4 of	1/4	Lot	Use	Acres
09S	30E	25	SW	SW		IRR	17.0

Section Acres 17.0

26	SE	NE	IRR	15.0

10/19/99
GCC

Decree limits -0037 to $1\frac{1}{4}$ Ac; 275" on 275 Ac.
Gis found additional acres to the 275 acres
and adds 95 acres for a total POU of 370 Ac.

Reid as follows:

	<u>Q</u>	<u>Ac</u>	<u>PRIORITY</u>
-00037	275"	275 ⁷ Ac.	1884
-10233	95"	95 ⁷ Ac.	1884 (1908)
* Combined RATES:	370" 275"	370 ⁷ Ac.	
(H.W.) -10234	370"	370 ⁷ Ac.	1909

Overlap w/ 41-10031 (Gemloc)
no limits due to the self-
limiting effect of the rights
as described and Reid.

~~* Still reid as separate
claim even tho' the 2
claims have the similar
priority dates of HW uses.~~

* Combined flow limit is based on the idea the
full decree flow was used to develop the 370.7 Ac
w/o any increase in flow diversion.

(QNT - EPI)

(POU1 - E/A)

in finding the use of the water therein to date back to that period; there is no controversy among the claimants and owners of said ditch to the use of the water flowing therein among them selves, we therefore find that the said ditch and the owners thereof are entitled to a flow at all times to the waters of the said east fork of Rock Creek to 400 inches for the purpose of irrigating the lands lying under said ditch, the right to the use thereof to date from the 10th. day of May 1884; we further find that the settlers claiming land under said ditch are living upon a high bench and remote from water for domestic purposes, should be entitled at all times to a flow of 75 inches of water from said ditches against the prior appropriation of water of said stream of said east fork of Rock Creek.

That H.D. Lish owns and claims a tract of land lying on the south side of east fork of Rock Creek and on May 1st., 1890 he appropriated and used through what is known as the Valdez ditch water sufficient to irrigate 4 acres of said land; that said Lish has 30 acres of land owned by him lying under said ditch; that the said H.D. Lish is entitled at all times to the flow of 30 inches of water of said east fork creek, his right to date from the 10th. day of May 1890.

That on May 4th., 1884 the following parties began the construction of a ditch from the channel of lower Rock Creek on the west side thereof: Heber Hanson, Wm. Payne, J.C. Ralphs, Heber Ralphs, George Stanger, Peter Jensen, Lot Smith, Delroy Tyler, Ed Hunter, Morris Peters, Thomas Peters and Robt. Hunter; that said ditch was constructed and completed on the 4th day of June 1884 to and upon lands owned by claimants, the parties interested in said ditch for the purpose of irrigating their said lands; that said ditch was at its head about 5 & 1/2 feet wide by 1 & 1/2 feet deep that said ditch has been continuously used each and every season by the owners thereof for the purpose of irrigating their said lands; that in the year 1884 about 75 acres was irrigated by said claimants from said ditch; that said acreage has increased from year to year until at present when about 275 acres are under cultivation under said ditch that the stock holders in said ditch have no controversy among themselves as to the disposing of water among themselves but claim and use said water according to the shares held by each;

That said ditch known as the "west ditch" is entitled at all times to the use and flow of 275 inches of the water of said Rock Creek for the purpose of irrigating the land owned by the shareholders in said ditch and the right to the use and flow of said water to date from the 4th. day of May 1884.

That in the year 1880 the following named parties, to wit: Ed Hunter, Robert Hunter, James Hunter, George Lish and Wm. Thornton made and constructed a ditch 4 feet wide and 1 foot deep with fall of one half inch to the rod from the main channel of Rock Creek to and upon lands then claimed by them for the purpose of irrigating lands owned by them; there was cultivated by the said parties about 40 acres of land lying under said ditch. early in the spring of 1881 said last mentioned persons changed the point of diversion of said ditch about 1/4 of a mile higher up the Creek and began construction of a new ditch; that in said new ditch the following parties were claimants and assisted in the construction of the same, to wit: Chas. Allen J.I. May Heber Lesley and James Allen. that said ditch last above mentioned was built of the size of 7 feet wide and 18 inches deep for the distance of 200 yds.; that during said year of 1881 about 100 acres of meadow land was irrigated under said ditch by the claimants therein; that during the same season of 1881 after crop were planted said ditch was continued for a distance of about 4 & 1/2 miles; that in 1882 said ditch was completed by said parties to a width of 3 feet wide and for the distance of 4 & 1/2 miles aforesaid; that said ditch and the water flowing therein has been used for the purpose of irrigating lands lying under the same by the claimants thereto each and every season continuously; that said ditch is known and called the United States ditch; that the shareholders and claimants in same have no controversy as to the regulation and use of the water flowing therein as among themselves.

we find that said ditch and the owners therein are entitled to a flow at all times of 50 inches of the waters of said Rock Creek for the purpose of irrigating their said lands lying under the same, said right to date from the 1st. day of May, 1880; and are entitled to the use at all times to 350 inches of the waters of said stream to irrigate their said lands this right to date from the 1st. day of June 1881, the water in ditch at no time to exceed 350 inches.

RE:

ALAN PERMAN

APPT.

HIGH WATER FILINGS

He brought in filings for West Ditch and I revamped them for high water filing along with an enlargement claim. He took them home to get signed and will return with the \$100 fees. (A41-10233 & A41-10234)

For his personal filings under Excalibur Ranches, we prepared and filed two claims; one for the Tyler Ditch and one on the Payne Ditch. (A41-10235 & A41-10236) I still need to review the GIS layouts and revamp the decreed rights for these claims.

<u>CLAIM:</u>	5.5 cfs	400 Ac.
<u>DECREE:</u>	5.5 cfs (275")	275 ACRES

GIS (GROSS pou) 428 Ac (draft)
(25 acres above ditch)

IDWR MEAS. 1.62 cfs (81")

$$* \text{final POU acres via GIS} = \frac{370.7}{382.6} \text{ ACRES}$$

Appears the 275 acres can be recommended
within a P.P.U. as described by the $\frac{382.6}{370.7}$ Ac.

Additional acres will need to be supported with
proof of priority and use as to time of development.
<see 42-1426 & 42-1427.>

* Decree clearly defines 275 inches on 275 acres
as the limit at the time of Decree.

DATA ENTRY BY: STEVE CLELLAND
DATE: June 3, 1999

in finding the use of the water therein to date back to that period; there is no controversy among the claimants and owners of said ditch to the use of the water flowing therein among them selves, we therefore find that the said ditch and the owners thereof are entitled to a flow at all times to the waters of the said east fork of Rock Creek to 400 inches for the purpose of irrigating the lands lying under said ditch, the right to the use thereof to date from the 10th. day of May 1884: we further find that the settlers claiming land under said ditch are living upon a high bench and remote from water for domestic purposes, should be entitled at all times to a flow of 75 inches of water from said ditches against the prior appropriation of water of said stream of said east fork of Rock Creek.

That H.D. Lish owns and claims a tract of land lying on the south side of east fork of Rock Creek and on May 1st., 1890 he appropriated and used through what is known as the Valdez ditch water sufficient to irrigate 4 acres of said land; that said Lish has 30 acres of land owned by him lying under said ditch; that the said H.D. Lish is entitled at all times to the flow of 30 inches of water of said east fork creek, his right to date from the 10th. day of May 1890.

That on May 4th., 1884 the following parties began the construction of a ditch from the channel of lower Rock Creek on the west side thereof: Heber Hanson, Wm. Payne, J.C. Ralphs, Heber Ralphs, George Stanger, Peter Jensen, Lot Smith, Delroy Tyler, Ed Hunter, Morris Peters, Thomas Peters and Robt. Hunter; that said ditch was constructed and completed on the 4th day of June 1884 to and upon lands owned by claimants, the parties interested in said ditch for the purpose of irrigating their said lands; that said ditch was at its head about 5 & 1/2 feet wide by 1 & 1/2 feet deep that said ditch has been continuously used each and every season by the owners thereof for the purpose of irrigating their said lands; that in the year 1884 about 75 acres was irrigated by said claimants from said ditch; that said acreage has increased from year to year until at present when about 275 acres are under cultivation under said ditch that the stock holders in said ditch have no controversy among themselves as to the disposing of water among themselves but claim and use said water according to the shares held by each;

That said ditch known as the "west ditch" is entitled at all times to the use and flow of 275 inches of the water of said Rock Creek for the purpose of irrigating the land owned by the shareholders in said ditch and the right to the use and flow of said water to date from the 4th day of May 1884.

That in the year 1880 the following named parties, to wit: Ed Hunter, Robert Hunter, James Hunter, George Lish and Wm. Thornton made and constructed a ditch 4 feet wide and 1 foot deep with fall of one half inch to the rod from the main channel of Rock Creek to and upon lands then claimed by them for the purpose of irrigating lands owned by them; there was cultivated by the said parties about 40 acres of land lying under said ditch. early in the spring of 1881 said last mentioned persons changed the point of diversion of said ditch about 1/4 of a mile higher up the Creek and began construction of a new ditch; that in said new ditch the following parties were claimants and assisted in the construction of the same, to wit: Chas. Allen J. May Heber Lesley and James Allen. that said ditch last above mentioned was built of the size of 7 feet wide and 18 inches deep for the distance of 200 yds.; that during said year of 1881 about 100 acres of meadow land was irrigated under said ditch by the claimants therein: that during the same season of 1881 after crop were planted said ditch was continued for a distance of about 4 & 1/2 miles; that in 1882 said ditch was completed by said parties to a width of 3 feet wide and for the distance of 4 & 1/2 miles aforesaid; that said ditch and the water flowing therein has been used for the purpose of irrigating lands lying under the same by the claimants thereto each and every season continuously; that said ditch is known and called the United States ditch; that the shareholders and claimants in same have no controversy as to the regulation and use of the water flowing therein as among themselves.

we find that said ditch and the owners therein are entitled to a flow at all times of 50 inches of the waters of said Rock Creek for the purpose of irrigating their said lands lying under the same, said right to date from the 1st. day of May, 1880; and are entitled to the use at all times to 350 inches of the waters of said stream to irrigate their said lands this right to date from the 1st. day of June 1881, the water in ditch at no time to exceed 350 inches.

★BENCH DITCH★ ★IDWR★

Governor PHILIP E. BATT

R. KEITH HIGGINSON
Director

February 10, 1995

Dear Wateruser:

In response to the Bench Ditch Irrigation Company's letter to IDWR dated January 25, 1995, this letter is being sent to all waterusers of record in the Basin 41 Water District.

As you may know, the arbitration for delivery of water that has operated in the Rockland valley for over 100 years has been very effective in allowing the delivery of water rights by the local watermaster. The box method described in the arbitration has worked to divide the waters fairly, but recent studies of the boxes have determined the actual flow rates that have been delivered for years are different than the rates listed in the arbitration. This is largely due to the fact that the box method, as applied in the valley, is not a standard measuring device.

It is IDWR's position that:

Rights recommended in the ongoing Snake River Basin Adjudication, will be based on the historical beneficial use and historical diversion rate represented by use of the box method.

Conversion to an approved, standard measuring device is encouraged but should not result in a increase in the amount of water diverted. IDWR requests, before any old diversion structure is removed or destroyed, to view and measure the historical diversion rate as delivered by the box described in the arbitration.

Any change in measuring devices or structures that results in an increase of diversion rates above the historical beneficial use will result in injury to junior right holders within the Rock Creek system.

We look forward to working with all waterusers in the district. SRBA examinations will resume in the spring of 1995 and IDWR will measure and evaluate all of the structures diverting from Rock Creek and the East Fork of Rock Creek. If you have questions please contact me at my office in Twin Falls.

Sincerely,

STEVE CLELLAND
Water Resource Agent
