Case No. 39576	)	
	)	STATUS REPORT
_____	)	

DESCRIPTIVE SUMMARY

At a hearing held on September 14, 1995, the Special Master granted the claimant's Motion to File an Amended Notice of Claim in the above-referenced subcase. The court ordered that following the filing of the Amended Notice of Claim, IDWR would lodge an Amended Director's Report with the court on December 15, 1995.

This report is filed in lieu of the Amended Director's Report.

DISCUSSION

IDWR received the Amended Notice of Claim for water right

COPY

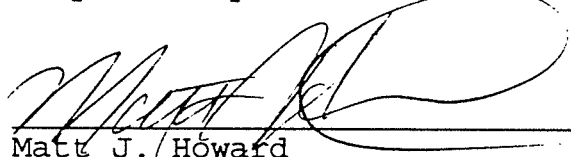

no. 34-00503A on November 8, 1995, and subsequently conducted a field examination. IDWR, however, cannot prepare a revised recommendation at this time because of some confusion surrounding the exact locations of the points of diversion for this water right.

The claimant and IDWR are working together to resolve the confusion surrounding the points of diversion. On December 14, 1995, IDWR's attorney, Matt J. Howard, and the claimant's attorney, Peter Ampe, held a telephone conference regarding this subcase. Mr. Ampe indicated that he will submit information to IDWR to clarify the exact location of the points of diversion that were claimed by his client. Upon receipt of that information, IDWR will prepare and lodge an Amended Director's Report with the Court.

Based on the above information, IDWR requests that the deadline for lodging an Amended Director's Report be extended to January 19, 1996. Mr. Ampe does not object to the extension.

DATED this 14th day of December, 1995.

Respectfully submitted

Matt J. Howard
Deputy Attorney General
Idaho Department of Water Resources
