- c. Describe the reasons for the proposed changes Water was transferred but not recorded
with the state

Point of diversion NW 1/4 SE 11 Section 11 Township 11
Range 31E B.M. Power County _____
Additional points _____

a. Are there liens, mortgages, or contracts on the lands from which you propose to transfer the water right which limit your authority to make the proposed change? Yes _____ No _____. If yes, provide a statement agreeing to the proposed change from the holder of the lien, mortgage or contract.

b. Describe the effect on the land now irrigated if the place of use is changed pursuant to this transfer. The actual transfer took place many years ago but was never recorded. The recording of this transfer will have no effect on the place of use.

The watermaster has traditionally delivered 75" to landowners within the original place of use. Since at least 1934, 20" of this right has been delivered to the bench ditch as evidenced by the attached memorandum of agreement.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in voiding its approval.
