Subject: Re: Dale Property up at Bear Creek...

Hi Jean,

Boy you got quite the job, when you took on Custer County. Looking back in the records I see that Joyce Smith sold Tract 87-18 and Tract 77-27 to Connie. Tract 87-18 was 27.710 acres and considered the whole thing. Tract 77-27 was a 1.5 homesite acre. Later Connie had another parcel split out, called Tract 94-29 (10 ac) which left 3 parcels. 77-27, 94-29 and the original 87-18. In February of 1996, Mr. Dale approached Bob Savage and ask him to combine the entire group, so he did. Everything was moved back to one parcel number called 87-18 for 29.21 acres. ONLY IN CUSTER COUNTY. Hope this helped.

Have a nice day.

SUBJECT: WATER DELIVERY PROBLEMS

phone call (X) walk-in (.)

She had talked to Doug while I was in Challis last week and told him she was having problems getting her water from the ditch she shares with her neighbors, the Thomas'. Had questions on how much water she was entitled to?? I called her back and she said she was told by Connie Ahders (from whom they purchased the place) that there were 30" (inch per acre) of early water rights for the property. The neighbors said there were 25" split three ways, they had 16.5" and she had 8.5". They have also been using all of the water in the ditch before it got to her headgate. She wanted some information on what her water rights were and what options she had as far as the delivery problems. Sent her profile reports on her claims and the companion splits owned by the neighbors, so she could compare. (There appears to be 25" of early water split between her and the neighbors.) Also sent her some information on weirs from our water measurement manual and suggested she could put a weir in where the ditch enters her property to show how much water she was or wasn't getting. The neighbors may be taking all of the water to satisfy their right and the rest could be leaking out in the form of conveyance loss, the ditch is about a mile long. Told her the neighbors shared any conveyance losses and needed to leave her proportionate amount in the ditch. They could put in a weir at the field headgate to their property and then they would know how much of the 25" is making it to the fields. Suggested she try to work it out with them to establish a rotation for the water and if that didn't work she could try talking to the water master. If that too failed to resolve the dispute, she could file a written protest to the Department and we would try to facilitate an agreement. As far as any civil action, she may be eligible for triple damages for losses incurred if the neighbors refuse to give her her share of water...

Dear Mr. Podovinnikoff & Ms. Ahders:

I have checked our files and records and have found no Adjudication Claim for your portion of the decreed right 72-00008B which applies to your property on Bear Creek. If this is not claimed in this adjudication process it will be considered as no longer being used and will not be included in the final decree of water rights in the Snake River Basin. I am sending you a claim form (with instructions) and a PROOF REPORT of 72-00008B to assist you in filing a claim for the 1/3 of this decreed right which applies to your property.

The required fee for filing this claim will be \$50 plus a late fee of \$50 for a total of \$100. If you wish to have the late fee considered for an EXTENSION OF TIME (to possibly have it waived) please submit the request form that I have included and mail it to the Idaho Department of Water Resources at 1301 North Orchard St. in Boise, Idaho 83706.

Please contact this office if you have further questions.

Respectfully,

Robert V. Worstell

RE: Filing on Decreed Right

Dear Mr. Podovinnikoff & Ms. Ahders:

I have checked our files and records and have found no Adjudication Claim for your portion of the decreed right 72-00008B which applies to your property on Bear Creek. If this is not claimed in this adjudication process it will be considered as no longer being used and will not be included in the final decree of water rights in the Snake River Basin. I am sending you a claim form (with instructions) and a PROOF REPORT of 72-00008B to assist you in filing a claim for the 1/3 of this decreed right which applies to your property.

The required fee for filing this claim will be \$50 plus a late fee of \$50 for a total of \$100. If you wish to have the late fee considered for an EXTENSION OF TIME (to possibly have it waived) please submit the request form that I have included and mail it to the Idaho Department of Water Resources at 1301 North Orchard St. in Boise, Idaho 83706.

Please contact this office if you have further questions.

Respectfully,
