Earnest Money Dated: 8-4, 19 98 ID# 53434

ADDRESS: Wineglass Ranch - Challis Creek

BUYER(S): Linda Zollinger

SELLER(S): Chuck & Shirley Wunsch

Seller(s) and Broker or their representative hereby disclose:

1. Buyer(s) is/are aware of the Snake River Basin Adjudication Process and understand(s) that the Seller(s) is/are unable to guarantee that the water right(s) appurtenant to the land will remain unchanged past the date of closing.

2. The Bureau of Reclamation of the Department of Interior is developing a policy on water spreading which is defined as the unauthorized use of federally developed project facilities or water supplies on lands not approved by reclamation for such use. This could impact the amount of land that can be irrigated in Idaho.

3. Buyer(s) is/are aware that the Idaho Department of Water Resources is in the process of developing rules for the conjunctive management of the State's above-ground and under-ground water resources. These rules could have an impact on junior and senior water right holders throughout the State.

4. Buyer(s) and Seller(s) are advised to contact their own attorney, accountant, residential structural and/or environmental specialist if there are questions concerning the Purchase and Sale Agreement, at their own expense. For information on the adjudication process or water law and rules in Idaho, you should contact the Idaho Department of Water Resources, the local office of the Bureau of Reclamation and your attorney.

RE: SRBA CLAIM A72-00024C AND A72-02431C

Dear Mr. and Mrs. Wunsch:

Pursuant to the notification that you sold a portion of the property to which the above referenced adjudication claims are appurtenant, the Department has split the original claims into parts E and F. Your portions have been renumbered to A72-00024E and A72-02431E. Please find enclosed a copy of the computer generated claims noting the changes.

Please review the records and if you have any corrections or questions, feel free to give me a call at the office.

Sincerely,

Dear Mr. and Mrs. Pethan:

Pursuant to the notification that you purchased a portion of the property to which the above referenced adjudication claims are appurtenant, the Department has split the original claims into parts E and F. Your portions have been renumbered to A72-00024F and A72-04231F. (I have also transferred the whole of A72-00032A, which was not a split right, into your name.) Please find enclosed a copy of the computer generated claims noting the changes.

Please review the records and if you have any corrections or questions, feel free to give me a call at the office.

Sincerely,

STANDARD FORM 5

**STIPULATED ELEMENTS OF A
WATER RIGHT**

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

Okay, sounds good...Pethan said something about that but I don't think they'd reached any agreements yet, so maybe this will help them! I'll hold off...

Well, that depends on whether the claimants are going to agree to just deleting the BLM acres and not adding any others. That's why I wanted to wait until Fred worked something out with them. In the past you had mentioned that Pethan was discussing a land swap with the BLM, so we should find out what's going on with that before we do anything.

Let's hold off on making any changes to the R record until we hear from Fred.

Well, why don't I just craft another one getting rid of those acres and re-doing the diversion rates for all those rights? They could update tonight and you could show them to Fred tomorrow? I'd sure like to settle as many as possible before those hearings in Challis...

You are correct. That was the other problem the BLM had with our proposed settlement, we were gonna add BLM acres onto Zollinger's rights.

I don't think the BLM has objected to Zollinger's rights but they will probably want to based on our proposed SF5 because we have simply removed some of the acres from Pethan and given them to Zollinger...which they may not be aware of yet. I'm thinking they probably will want the acres removed from the NWNE on both sets of rights, which will likely result in reduced diversion rates. If this is the case, I can do some figuring...

Jeanie,

Yes, the BLM objected to Pethan's rights. Fred Price from the BLM said that our original proposed SF5 would only reduce the BLM recommended in the POU, not eliminate it, so he wouldn't sign off on it. I asked him to figure it out between him and the claimant how they would resolve this. I have not heard back from Fred yet. I just left another message with him asking him to let me know what's up. I'll let you know as soon as I hear.

Hi Sara,

I had done some preliminary work on these rights in the "R" records to resolve Zollinger's objection where I'd recommended part of her property mistakenly to Pethan...anyway, has the BLM also objected to these rights? I have no copies of Objections in the files and wondered what they were objecting to? Perhaps I can refigure things to please them also and we can do an SF5. Mr. Pethan in California wants to know what's going on and I'm not sure...Thanks, Jeanie

Hi Jean

Mr. and Mrs. Wunsch had a record of Survey done in 1996 which had 8 different parcels and acreages. Nothing was changed in our office because of two reasons. This was not a Subdivision map that was approved by the County Commissioners, it was simply recorded thru the Clerks department. The Assessor (me) can not legally plat it without approval, so the method has always been to wait and get a deed with a legal description which is what happened when Linda Zollinger bought the ground. The original survey indicated 1.20 acres, but the Wunschs changed their mind had it re-platted wrote up a deed to Linda (216448) and deeded 5.962 acres. The same with Meryl Pethan, when Wunschs owned it the parcel was 24.38, again they changed their minds be and deeded a parcel of ground to Mr. Pethan (214922) for 19.586 acres. There was another survey done and recorded to indicated the change above. I hope this helps you, Chris James

RE: 72-00024F, 72-04231F, 72-00032A

Dear Mr. And Mrs. Pethan,

It has come to our attention that the "Place of Use" in the recommendations of the above mentioned water rights were reported incorrectly in the Director's Report. Due to discrepancies in the survey maps with parcel sizes, which were provided during the ownership change process, part of the land purchased by your neighbor, Linda Zollinger, was recommended to you.

In order to stop the recommendations from going forward and being decreed in error, objections must be filed with the court. I have sent copies of STANDARD FORM 1, OBJECTON (SF1) to Ms. Zollinger. The deadline is quickly approaching, so I am also enclosing SF1's for your use, as Objections must also be filed on your rights in order to correct this error. Please follow the instructions with the forms (one for each right), sign and have notarized. In the interest of saving time, if you return the completed forms to my attention in the enclosed pre-addressed envelope, I will take care of forwarding copies to the other parties.

I have also enclosed a copy of the map I sent to Ms. Zollinger to help you "see" the problem.

If you have any questions, or I can be of further assistance, please contact me at the office.

Sincerely,

RE: 72-00024F, 72-04231F, 72-00032A (PETHAN)

Dear Linda,

Jack Challis, the watermaster for Challis Creek, told me that you thought your high water right (72-04231E) was now taken care of and no longer recommended for disallowal. I see where you have filed OBJECTIONS on both of your rights to correct the legal description of the place of use. OBJECTIONS also need to be filed on the Pethan's three rights (their place of use is also wrong - part of your property recommended to them), before the problem can be resolved.

I believe I sent you forms to object to their rights, but as yet the objections don't seem to have been filed. The deadline is quickly approaching, so if you would like to fill out the SF1-Objection forms, sign and have notarized, and return them to my attention, I will send the required copies to the other parties. I am also contacting the Pethans to let them know of the problem.

If you have any questions, or I can be of further assistance, please contact me at the office.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Jeanie', written over a horizontal line.

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

RE: 72-00024F, 72-04231F, 72-00032A (Pethan)

Dear Linda,

As a follow-up to the letter I sent you last month regarding the need to file Objections on the recommendations to your right numbers 72-00024E and 72-04231E, I realized that you will also need to file OBJECTIONS to the "Place of Use" on the Pethan's rights. The old survey map I used caused me to recommend part of the property you own to them. I have enclosed three more objection forms (SF1) for your use.

As before, you must file a separate objection to each right and follow the instructions for mailing on the last page.

If you have any questions, feel free to give me a call at the office or you can reach the court at (208) 736-3011.

Sincerely,

Jeanie Robertson

RE: 72-00024E, 72-04231E

Dear Linda,

Kelly Christensen, who attended the Water District meeting in Challis earlier this month, told me you had a question on the acreage of your parcel associated with these rights.

According to the information I received with the ownership change form, you purchased parcel #6. Mr. Wunsch sent me a survey map at one time showing the size of the different parcels. Parcel #6 was shown as 1.2 acres, so that is what I recommended. After your conversation with Kelly telling him you had purchased almost 6 acres, I contacted Chris James at the Custer County Assessor's Office. She said Mr. Wunsch had had the property re-surveyed and Parcel #6 was now for 5.96 acres. She also sent me a copy of the new survey map showing showing this correction.

I apologize for the confusion and wish this error had been noticed earlier. Now that the Director's Report has been filed with the court, you must file an OBJECTION with the Snake River Basin Adjudication Court on the enclosed Standard Form 1 (SF1), in order to make any changes. I have enclosed two SF1 forms because the additional acreage will now allow me to recommend right #72-04231E, which I had previously disallowed. You must file a separate objection for each right.

Please follow the instructions with the forms, noting the mailing requirements on the last page. If you have any questions, feel free to give me a call at the office or you can reach the court at (208) 736-3011.

Sincerely,

RE: 72-04231E

Dear Ms. Zollinger,

This letter is in response to the Notice of Error (NOE) you recently filed with IDWR regarding the Director's proposed recommendation of the claim listed above. Your NOE questioned if this disallowed right was for high water.

Yes, this right had the priority date of 10/10/1911 and was for high water. I performed a soil-analysis computer program of the soil type on your property and determined that type of soil requires about .09 cfs per acre. Your earlier decreed claim 72-00024E (1879 priority) was for .11 cfs. I found about .8 acre to be irrigated, taking out for house, drive, etc. Multiplying this .8 acre by the .09 cfs required for your soil allowed .07 cfs, which I recommended under 72-00024E. I couldn't justify the extra water claimed under this right.

If you still disagree with the proposed IDWR recommendation to the court, you may file an objection with the court after you receive the final recommendation of your water right. They are due to be mailed next week and you should be receiving yours the first part of February. The objection process will be explained when you receive your final recommendation of your water right.

Sincerely,

Jeanie Robertson

SUBJECT: OWNERSHIP CHANGE/SPLIT
phone call (.) walk-in (.)

Thorntons purchased Parcel #4 and .26 cfs from each of these rights in October of 1996 from Charles and Shirley Wunsch. They later purchased Parcel #3 and .03 cfs from each right in August of 1997. I added the totals of both transactions into the new splits, giving Wunsch the C portions and Thornton the D portions.

There are 9 acres in the NWNE of Section 7 mentioned in 72-04231B (and D) which are actually owned by the BLM, according to Mr. Wunsch. He said he is in the process of trading some land from Parcels #2 and #7 for these claimed irrigated acres but does not actually own those 9 acres at this point...

72-00032A

This right was also appurtenant to these parcels, but Mr. Wunsch said that because it was for such a small amount of water anyway, he wasn't going to bother splitting it and was going to convey it with Parcel #1, along with his remaining C portions of 72-00024 and 72-04231...
