QUESTIONS ON 72-00032G

SHE WAS HAVING TROUBLE FINDING THIS RIGHT ON THE DATABASE... I REVIEWED MY RECORDS AND FOUND NOTHING. I CHECKED THE DATABASE AND FOUND THE WR SHOWS PAM SKAGGS WORKED ON IT IN 1994 FOR A TRANSFER. THE AJ SIDE SHOWS A FILING FOR -0032G BUT ONLY CLAIMS 0.2 CFS NOT THE 30+ CFS AS DECREED.

I SUGGESTED SHE CONTACT PAM S. ABOUT THE TRANSFER. I WILL FORWARD THIS INFO TO JEANIE ROBERTSON HERE IN OUR OFFICE.

SUBJECT: ?? QUESTIONS ON FILING PROOF OF BENEFICIAL USE ??
phone call (x) walk-in (.)

She wanted to let me know that the sprinkler system was in place for the 25 or so acres behind the property to which A72-00032G is appurtenant. I wasn't aware that that property was scheduled for development, but found this permit on the water right data base. I told her the next step in the licensing process is submitting proof of beneficial use and sent her a form and instructions. Evidently they have until 1998 to do this, but I told her they could do so at any time if development was complete on the project.

June 19, 1996

June 19, 1998
She called again today and asked that I send her a copy of the letter and Proof of Beneficial Use packet that I sent to Las Vegas. She was worried that they get everything done this year because there may be a low water year next year and the proof only has till the following May, which is pretty early for Challis. I sent it and also reminded her that once the Notice has been filed with the Department, even if we don't get the field exam done for a long time, she is still not in danger of losing the water right. As far as we are concerned, she will have met her obligation...

RE: PERMIT NO. 72-07445

Dear Permit Holder:

I spoke with Marilyn Bruce of Challis yesterday who wanted to inform the Department of Water Resources that the sprinkler system was in place for this permit. I told her that the next step in the licensing process is submitting the proof of beneficial use. Enclosed is a form which should be accompanied by the license examination fee, or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

According to our files, you have until May 1, 1998 to submit this proof. If you feel that you have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit, you may submit this proof at any time.

If you have any questions, feel free to call the office.

Sincerely,

Jeanie Robertson

Telephone Conversation between Charles
Harvie & Robert Warstell (IDWR) @ 7:40am 9/15/93

I had arranged to meet with Charles Harvie
@ 8³⁰ am. 9/15/93 to examine his adjudication
claim, A72-00032 G, at the property site.
AT 7:40 am he called me at our trailer
residence in Challis (phone 879-5447) to
tell me there was no point of diversion
from the high-line canal at the property.
He has been irrigating from the source
of the Bradbury brothers system which
pumps from the high line canal in the SWSE
of Section 8. They are pasturing cattle
on the place of use of this claim.
He has intended to install a sprinkler system
pump in the high line canal at the east
edge of his property but has not yet done so
