Christensen, Kelly

Subject: ELEMENTS CONCERNING THE CITY OF CHALLIS RIGHTS
Entry Type: Meeting
Contact: JACK CHALLIS

Start: Mon 10/18/99 10:30 AM
End: Mon 10/18/99 10:30 AM
Duration: 0 hours

He wanted to know the relationships of the city rights. I explained that 72-00074 and 72-00123 were diverted from the same point of diversion. 00123 is for the irrigation of the cemetery only.

72-00110B and 72-00111B are irrigation rights from a different point of diversion. They are delivered through the Upper Bradbury ditch and are for the irrigation of the golf course only. The water is not available for city municipal use when it is not being used on the golf course.

Allen Merritt came in and the three of us discussed the possibilities of a transfer from irrigation to municipal use. We indicated that both at the same time does not fit within the parameters of these rights.

Yacommella rights discussion.

I explained the recommendation of the two systems that I examined. The pump system can deliver water to the ground south of the Garden Creek road under 72-00080B or to the ground north of the road under 72-10257. Both areas cannot be irrigated at the same time. The shared diversion system using the Upper Bradbury Ditch is valid for 10257 only. If the pump system is delivering water to the ground north of Garden Creek Road and west of the Upper Bradbury Ditch then only the difference between the diversion rate for the pump and the right total can be delivered through the Upper Bradbury Ditch.

November 20, 1998

SYSTEM DESCRIPTION:

see also attached field notes dated 5-18-93 KRC

The system is a 36 HP pump tied into a 6' aluminum mainline which runs south approx 1400 ft to the P/U South of a hill that the field wraps around. Two hand lines run west to east across the field. System not operating as of exam date of 5-18-93. This claim represents information referred to as #2 in field notes. #1 represents property adjoining this P/U North east of the Upper Bradley ditch.
