DESCRIPTIVE SUMMARY

This document is Idaho Department of Water Resources (IDWR's) report on dual based claims included among subcases for which the United States filed Standard Form 5s. This report is submitted in response to a request of the Special Master for Report Area 2 (Basin 57).

DISCUSSION

The following list includes those subcases that are part of or constitute dual-based claims and which were included among those subcases for which the United States submitted Standard Form 5s.

IDWR'S REPORT ON DUAL BASED CLAIMS INCLUDED AMONG SUBCASES FOR WHICH THE UNITED STATES FILED STANDARD FORM 5s IN BASIN 57 - 1

The United States did not file a Standard Form 5 on all dual-based claims in Basin 57 that included an objection. However, for those the United States did file a Standard Form 5 it filed a Standard Form 5 on both the state law portion and the federal law portion where an objection was made to each. Where the state or federal counterpart was not objected to the United States did not file a Standard Form 5 for that counterpart and it is not included on the list below. The United States has not moved to dismiss any of the unobjected to counterparts.¹
