In Re SRBA	)	Sub-case Nos. 34-00810,

Case No. 39576	)	34-10935
	)	STATUS REPORT

DESCRIPTIVE SUMMARY

This document is a report by the Big Lost River Irrigation District (BLRID) and the Idaho Department of Water Resources (IDWR) as to the status of the above sub-cases.

STATUS REPORT

These subcases continue to be in the same status as they were at the time of the status conference held August 7, 1994. All of these subcases involve claims by the BLRID, which were originally recommended to be disallowed in the director's report. BLRID filed objection to the report, which were resolved by Standard Form Fives filed with the court dated April 5, 1995.

The water rights in these subcases are used in combination with water right nos. 34-00012, 34-00013, 34-02507, and 34-10873,

each of which are contested by a number of claimants. These other subcases are currently stayed because they involve recommendations pursuant to the old presumption/accomplished transfer statutes, which have been replaced by the new amnesty statutes. The constitutionality of the new amnesty statutes was designated as basin wide issue no. 4, and the SRBA Court's decision upholding the constitutionality of the statutes is currently on appeal.

Dated this 25th day of February, 1996.
