Re: 95-13165

Dear Paul and Julia:

The Notice of Claim you submitted lists 2 sources – spring (surface water) and well (ground water). This claim can be processed for the well only.

The date of priority is listed as August 7, 2001. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used, regardless of who owned the property. If the date for the spring is after May 20, 1971, an application for a permit to use the water needs to be filed. If it is prior to that date, another Notice of Claim may be filed.

If you have questions regarding this matter, please contact our office and we will be happy to assist you.

Sincerely,

A handwritten signature in cursive script that reads "Carolyn Monitz".
