RE: Late Claim Filing Fee for Water Right Claim 25-7353

Dear Mr. and Mrs. Kolbet:

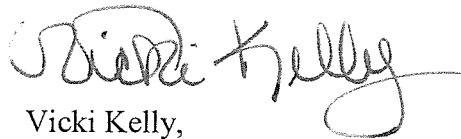

On July 18, 2011, the Snake River Basin Adjudication (SRBA) Court received your *Motion to File Late Notice of Claim* for a stockwater use identified as claim number 25-7353. A hearing on the motion was held on December 20, 2011, where it was noted there was no record of payment of the required filing fee of \$25.00. The Court issued an *Order Conditionally Granting Late Notice of Claim* on December 29, 2011, granting your motion providing the appropriate fee was submitted to the Idaho Department of Water Resources (IDWR). To date, IDWR has no record of having received the \$25.00 filing fee.

With the SRBA nearing completion, IDWR is currently preparing its final Late Claims Director's Report, the vehicle used to report late claims to the Court. The reporting of a late claim is the next step in securing a partial decree memorializing a water use. In order to recommend your stockwater use in the final report, IDWR would need to receive the \$25.00 filing fee no later than December 19, 2013.

Enclosed for your convenience is a copy of your motion as well as a copy of the order regarding your stockwater claim. I've also enclosed a return envelope, postage paid, for use in returning the fee to Adjudication Section Manager, Carter Fritschle, who will be reviewing your claim. Your quick attention to this matter would be greatly

appreciated. Should you need anything further, please don't hesitate to contact me at 208-287-4816. Thanks very much.

Sincerely,
