Re: Subcase No. 36-15153

Dear Mr. Lucas:

In Subcase No. 36-15153, the Idaho Department of Fish and Game claimed beneficial use of 3 cfs of water from Len Lewis Spring for wildlife use year 'round. IDWR recommended that the claim be disallowed and Fish and Game filed its objection.

On August 30, 1993, the Conservation Groups filed their *Motion to Intervene* and lodged a *Response to Objection*. To date, the *Motion* has not been set for hearing.

Please let me know if the Conservation Groups wish to proceed with their *Motion* in this subcase. If so, the Court will set deadlines for responsive pleadings and a hearing date.

Sincerely,
