	)	

DESCRIPTIVE SUMMARY

This is a report by the United States on behalf of the Bureau of Land Management identifying dual-based claims for eighty-nine subcases in basin 57.

DISCUSSION

Pursuant to the order issued by the Special Master for Basin 57 at the February 28, 1996 status conference for the above referenced subcases, the United States submits these lists of dual-based claims. At the status conference, the Special Master ordered a report identifying all corresponding claims based on either federal reserved theory or state-based law for eighty-nine subcases claimed by the United States in which a Standard Form

Five has been filed. The first list attached as Exhibit A includes unobjected-to and non-withdrawn United States claims to water rights. These claims should be consolidated with the eighty-nine pending subcases. The second list is a consolidated listing of United States' federal and state based claims that includes the eighty-nine pending subcases and the eighteen additional unobjected-to claims to water.

Respectfully submitted this 7th day of March, 1996.
