29-12485
et al

Partial Decrees were previously issued for the above-captioned water right claims. On September 13, 2013, the United States filed a *Motion to Correct Clerical Errors Pursuant to I.R.C.P. 60(a)* in the above-captioned cases. The *Motion* asserts that even though these 52 water rights are federal reserved water rights, the remark stating that "This Water Right is a Federal Reserved Water Rights" was erroneously omitted from the Other Provision Section of the *Partial Decrees*. Further, with respect to water right claim 77-13920, the *Motion* asserts the source was erroneously transcribed in the *Partial Decree* as "McCorkie Creek," when the source should be "McCorkle Creek." A hearing on the *Motion* was held before this Court on December 17, 2013. No party appeared in opposition to the *Motion*. Following a review of the files and after hearing the comments made in open court, the Court found, for the reasons stated on the record, that the errors identified in the *Motion* were clerical error under I.R.C.P. 60(a) and that good cause exists for granting the instant *Motion*.

THEREFORE, THE FOLLOW ARE HEREBY ORDERED:

1. The United States' *Motion to Correct Clerical Errors Pursuant to I.R.C.P. 60(a)* is hereby granted.
2. The *Partial Decrees* previously entered for the above-captioned water rights are hereby set aside.

3. The above-captioned water rights shall be **decreed** with the elements set forth in the attached *Amended Partial Decrees Pursuant to I.R.C.P. 54(b)*.
