IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	Subcase Nos.: 34-13315 and 34-13315A
	)	
Case No. 39576	)	ORDER CONSOLIDATING SUBCASES
_____	)	

On March 1, 1996, IDWR submitted *Supplement to IDWR Proposal for Decreeing Dual-Based Claims (Report)*. In the *Report*, IDWR reported that 34-13315 and 34-13315A are the same water right, but were reported under separate water right numbers by IDWR. The two numbers were assigned by IDWR because this water right is a so-called "dual based" claim, where the claimant asserted two theories which could entitle it to a water right; one is based on Idaho state law, another theory is based on federal law. The court **consolidates** these two subcases.

Under the rules of procedure established by *SRBA Administrative Order 1*, Section 9, Consolidation is appropriate if certain factors exist.

SRBA Administrative Order 1 (A.O.1), Section 9 provides that:

A motion to consolidate subcases is appropriate in situations where common issues of law or fact present themselves in more than one subcase and resolution and reconciliation of those issues can be most expeditiously and effectively achieved through presentation to the Presiding Judge or special master in consolidated hearings.

A.O.1, Section 9 (June 21, 1993).

The standard for consolidation set forth in *A.O.1*, Section 9 is essentially identical to the standard in I.R.C.P. 42(a) which states:

When actions involving a common question of law or fact are pending before the court, it may order a joint hearing or trial of any or all the matters in issue in the actions; it may order all actions consolidated; and it may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.

I.R.C.P. 42(a)

Under both standards, a judge or special master looks at three essential factors; 1) are there questions of law which are common to all subcases; 2) are there questions of fact which are common to all subcases; and 3) will consolidation of the subcases avoid unnecessary costs and lead to more expeditious and efficient presentation to the judge or special master. *A.O.I.*, Section 9 (June 21, 1993); I.R.C.P. 42(a).

Questions of law and fact are common to both subcases since both 34-13315 and 34-13315A are the same water right; in addition consolidation is mandatory to provide efficient and expeditious adjudication of this water right.

Therefore, **IT IS ORDERED** that subcases 34-13315 and 34-13315A are consolidated. All further pleadings shall be filed in and proceedings held under subcase number 34-13315A.

IT IS SO ORDERED.
