On September 30, 2013, the Squirrel Creek Irrigation and Canal Co. ("Claimant") filed a *Motion to File Late Notice of Claim* for each of the above-captioned water rights. A hearing on the *Motions* was held on December 17, 2013. No party appeared in opposition to the *Motions*. However, at the hearing counsel for the Claimant notified the Court that the late notices of claim contained an error in the quantity element of the claims, and that the Claimant would need to file *Amended Notices of Claim* for these rights correcting the error. Following a review of the file and after hearing the comments made in open court, the Court found, for the reasons stated on the record, that good cause exists for granting the instant *Motions*, provided that the Claimant first submit *Amended Notices of Claims* correcting the error in the quantity element.

THEREFORE, IT IS HEREBY ORDERED that the *Motions to File a Late Notice of Claim* for the above-captioned water rights are **conditionally granted** subject to the Claimant first submitting *Amended Notices of Claims* correcting the quantity elements.<sup>1</sup>

Dated December 20, 2013

Snake River Basin Adjudication

<sup>1</sup> The Court notes that *Amended Notices of Claim* were filed by the Claimant on December 17, 2013.
