Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
Adjudication Bureau Chief

Dear Ms. Gaydusek:

Enclosed you will find a map outlining what we are proposing to be the boundary for your city's water right. Our determination is based on the map filed with your adjudication claim. We also reviewed the city limit boundary collected for the latest census study.

Please review the map and if you have changes, please mark the changes on the map and return the map to us at:

If we do not hear from you within 30 days from the date of this letter, we will assume the water right boundary is correct and will recommend it as your water right to the court.
