Dear Mr. Giesbrecht:

Thank you for your prompt response regarding your municipal place of use boundary. I have made the adjustments to your boundary as outlined in the map you returned to me. Please review the updated changes to your boundary. If more changes are required, indicate them on the map and return the map to me at:

Mark Larson
Idaho Department of Water Resources
1301 N Orchard St
Boise, ID 83706

If you have any questions, please call me at 327-7998 or leave a message for a call back on our toll free line 1-800-451-4129.

If we do not hear from you within 30 days from the date of this letter, we will assume the water right boundary is correct and will recommend it as your water right to the court.

Sincerely,

Mark Larson

Dear Mr. Larson,

This letter will be a follow-up to our telephone conversation of a few weeks ago.

You will remember that I mentioned to you at that time that the springs, or it is really ground water supply, for the city was not shown on the map you enclosed with your letter dated July 3, 2002.

The enclosed attachments cover the boundary of our city's water right. Attachment #3 shows the area around the city itself, while attachments #1 & #2 show the route to the springs and the location of the water source itself. Residents along Sunbeam Road are on the water main for the most part. This source is located approximately 5.5 miles out of town.

Hopefully you will be able to put the maps together to the point you will have a good idea of the size of the water right boundary. Please call if you have questions. My number is 208-226-2569.

Sincerely,

Gerald Giesbrecht
Water/Wastewater Supt.
