RE: Evidence of Priority

RESPONSE DEADLINE

DECEMBER 1, 1993

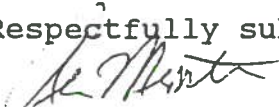

Dear Mr. Breamer:

The Notice of Claims identified on the attached Selection File Contents Report have been filed in the Snake River Basin Adjudication (SRBA) in the name of the USFS. The Notices indicate these water uses are based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date that has been claimed.** Please find enclosed a pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. Since time is short we request that the evidence be submitted as soon as possible with a target deadline of December 1, 1993. If additional notices of claims are to be submitted by USFS for rights presently not claimed and the basis of those claims are "Beneficial Use" it is requested that the evidence of priority be submitted at the time the claims are filed.

Please note that the notices highlighted in yellow are associated with water rights that are based on decrees, licenses or permits. I don't know if this is a data entry error or these notices are intended to claim something different than the state law water right. If you could clarify this matter it will be helpful.

If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

NOTES:

Priority evidence was requested 11-2-1993 with a target deadline of 12-1-1993. The file does not show that any priority evidence has been submitted by the claimant.

Dienea # 72-02128 with a priority of 1-13-1964 was issued for a well with a hand pump at Holman Creek Campground. This claim also appears to be for a well at Holman Creek Campground. Moreover, the Deposition of Holman submitted for proof of Beneficial Use for 72-02128 indicates that the well was first used in 1959, which is to priority on this claim. Claimed P/O + P/O matches on A72-02128 and this claim. All indications are that the two filings are duplicative + redundant. Recommend Dienea # 72-02128 not recommend this claim for disallowance.

~~Comment~~ - was covered by Dienea 72-02128.

(Claimant appears to be trying to get this recommended as Recreation, but campgrounds are covered by the domestic definition [see 72-02128]. Moreover, I can't think of anything recreational about a well with a hand pump.
