CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243 Idaho Code, any person claiming a water right established by diversion and application of water to beneficial use must file a claim with the Department of Water Resources. The filing of this claim does not confirm the water right claimed. Water rights represented by a valid permit, license, decree, or previous claim are exempt from the requirement, as are uses of water for domestic purposes as defined in Section 42-111 Idaho Code. A filing fee must be submitted with this claim. See the instruction sheet to determine the appropriate fee.

Notice is hereby given that Avista Corporation, formerly known as The Washington Water Power Company
(Name of Claimant)

P.O. Box 3727, Spokane, Washington
(Mailing Address)

89220-3727

(Zip Code)

claims a right to the diversion and beneficial use of surface or ground water. The extent and nature of said claim is as follows:

1. Date of Priority: (When the water was first applied to beneficial use) May 1, 1941
A claim is not acceptable for the use of surface water with a priority later than May 20, 1971. A claim is not acceptable for the use of ground water with a priority date later than March 25, 1963, unless the water is used for domestic purposes as defined in Section 42-111, Idaho Code.

2. Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

St. Joe River tributary to Coeur d'Alene Lake
St. Maries River tributary to Coeur d'Alene Lake
Cd'A River tributary to Coeur d'Alene Lake

Coeur d'Alene Lake tributary to Spokane River
Spokane River tributary to Columbia River

3. Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

(cls or af)

5. A) Location of point of diversion is SE 1/4 of NE 1/4 of 1/4, Govt. Lot
Sec. 4 Township 50 N Range 5W B.M., Kootenai County;

This is a claim for the right to store waters in Coeur d'Alene Lake and St. Joe, St. Maries, Coeur d'Alene, and Spokane Rivers and the connected and tributary waters for use for the generation of hydroelectric power of the Post Falls Hydroelectric Development (HED). The waters are stored with the use of three dams (including a powerhouse) located at Post Falls, Idaho. The location of the Post Falls reservoir is shown in Exhibit 1 (a copy of sheet 1A of 77 as part of Exhibit G for the Post Falls HED, Project No. 2545 as licensed by the Federal Energy Regulatory Commission under the Federal Power Act). Exhibit 2 (a copy of Sheet 1 of 77 of the Exhibit G drawings for Project No. 2545) shows the location of the dams and powerhouse.

Additional points of diversion, if any: N/A

B) Describe means of diversion of water: (Pump and pipelines, well, diversion dam, reservoir, length of ditch etc.). Give size and capacities. Be specific. Describe any changes in the system and give the date of the changes.

The dams and powerhouse are the points of diversion and the reservoir is the place of storage of water for this claim. From 1941 to present, the Post Falls HED was operated with a full pool reservoir elevation of 2128.0 feet above mean sea level (m.s.l.) as measured by the USGS gaging station located at the City of Coeur d'Alene, Idaho. The vertical datum for the USGS Coeur d'Alene, Idaho, gaging station is referenced to a USGS BM at the southeast corner of the former Merriam Building having an original elevation of 2157.404 feet above m.s.l. The vertical datum for the USGS Coeur d'Alene Lake gaging station is 3.05 feet above the NGS Datum. The waters stored under this claim are utilized for the generation of hydroelectric power at the Post Falls HED, which is part of the Spokane River Project, FERC Project No. 2545. The 60,600 af claimed herein is the storage in the Post Falls reservoir between elevation 2128.5 feet and 2128.0 feet above m.s.l. as measured by the USGS gage at Coeur d'Alene, Idaho. The use of water for such generation is the subject matter of Water Right Claim No. 95-4518 and License No. 95-08003 (copies attached to cover letter) submitted to the State of Idaho Department of Water Resources.

Dear Mr. Haynes:

Last year Avista filed two claims with the Department of Water Resources, Claim No. 95-9115 and Claim No. 95-9119, relating to the Post Falls Hydroelectric Development. Enclosed are amended Exhibit 3s for those claims. We have added a note to the Exhibits to clarify our intent that the Exhibit language was not meant to apply to the Coeur d'Alene Indian Reservation.

We would appreciate it if you would update our claims files with this information. Thank you for your assistance.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bruce F. Howard".
