Re: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right #72-07219
Cyprus Thompson Creek Mining

Dear Scott:

Mr. Scanlan requested I contact you regarding the above claim to a water right for your client. The inquiry about the water right claim led me to discover a report of this water right claim was not made when the other water right claims in Reporting Area 4, Basin 72 were recommended to the Court early this year.

The claims of the Company were reported save this one water right for domestic use. IDWR plans to handle this oversight by reporting this water right claim and two others in Basin 72 this winter. At that time IDWR will be reporting the late claims, among them one in Basin 72, allowed by the Court. I trust this strategy meets with your approval.

If you have any questions, please feel free to contact me.

Sincerely,

Donald V. Shaff
