RE: 72-00013B, 72-02134, 72-10189

Dear Mr. and Mrs. Philps,

This letter is in response to the Notices of Error (NOEs) you recently filed with IDWR regarding the Director's proposed recommendations of the claims listed above. Your NOEs questioned the Place of Use, Priority Date and the Point of Diversion.

I have moved the point of diversion for Philps Springs to the NWSENW of Section 14 and made sure your's, Bitton's, and the Green's claims in the area all refer to the same Points of Diversion. Based on the evidence in the file, I allowed the priority date of April 1, 1910 for 72-10189. I have tried to show the acres irrigated by each right, as we discussed after the meeting in Challis.

I have enclosed new Preliminary Recommendations and corrected maps for these claims. You should be receiving the actual Director's Report by the end of the month which will reflect these corrections.

If these changes are still incorrect, you can file an Objection to the Director's Report with the SRBA Court. The process will be explained when you receive your copy of the Director's Report.

Sincerely,

Jeanie Robertson
Senior Water Resource Agent

INTER-DEPARTMENT MEMO

DATE 2-18-75

FROM Gary Funderburg

TO DARLENE R.

SUBJECT Field Exam Report for Permit No. 32501/72-2134

The point of diversion is indicated on the map of the old exam. The amount of acreages are listed also on the same map.

The exam does not list the 120 acres as you indicated on your memorandum. This is why I went ahead and made the exam out for 174 acres which would cover the lands they described on the old exam under Item No. 7.

If you have any further questions pertaining to this exam, please call me.
