Dear Roxanne:

I have enclosed a new Notice of Claim to a Water Right replacing the one that got lost. Dale spoke with Bob Foster and he suggested that we change the way we had written the claim, to more accurately describe the way the water is used. We have made the changes and are submitting the claim with the required \$50. If the first claim is found please disregard it and tear up the check. I would also like to include in this letter my affidavit stating the evidence of the priority date.

I Edgar S. Edwards have used the water of Gorley creek to irrigate my ranch since 1946 when I purchased it. The water of Gorley creek can be diverted to the reservoir or to ditches, which irrigate my ranch. Since I purchased the ranch, all the waters of Gorley creek have always been used. I estimate the high flows of Gorley creek to be 14.59cfs. After subtracting, the 2.5cfs license #75-2034; the water I am applying for is 12.09cfs. I use the reservoir located in Section 23 to hold the flows of winter water. This water is then used in early spring to irrigate. Then I fill the reservoir, again with the high flows of Gorley creek to be used through out the rest of the season in addition to the 2.5cfs license #75-2034.
