WATER RESOURCES

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM

CIVIL CASE NUMBER: 39576

Ident. Number 37-13120
Date Received: 1/28/2000
Receipt No: S022769
Received By: SCC

AMENDED

**NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW**

1. Name of Claimant(s)

TWIN LAKES RESERVOIR & IRR CO LTD Phone: (208)764-2481

C/O JIM REEDY
RT 1 BOX 1255
FAIRFIELD ID USA 83327

2. Date of Priority: 04/01/1908

3. Source: , MC KINNEY CREEK Trib. to: , CAMAS CREEK

4. Point of Diversion:

Township	Range	Section	1/4 of 1/4 of 1/4 Lot		County	Type
02S	14E	10	NW	NW	CAMAS	
02S	14E	4	NW	NE	CAMAS	

5. Description of diverting works:

MORMON DAM, CANALS

6. Water is used for the following purposes:

Purpose	From	To	C.F.S.	(or) A.F.A
IRRIGATION	4/01	11/01	60	
IRRIGATION STORAGE	1/01	12/31		31240
IRRIGATION FROM STORAGE	4/01	11/01		31240

7. Total Quantity Appropriated is:
60 C.F.S. and/or 31240 A.F.A.

8. Total consumptive use:

9. Non-irrigation uses:

10. Place of use:

11. Place of use in counties: CAMAS

12. Do you own the property listed above as place of use? NO

13. Other Water Rights Used:
NONE

14. Remarks:

P/D WITHIN S4, T2S, R14E.

RESERVOIR KNOWN AS BOTH MORMON RESERVOIR AND TWIN LAKES RESERVOIR.

THIS WATER RIGHT IS ALSO DESCRIBED IN LICENSE 37-02105; HOWEVER, THIS CLAIM IS BASED ON A PRIORITY DATE OF 1908 WHEN WATER WAS ACTUALLY PLACED TO BENEFICIAL USE.

SOURCES CLAIMED ARE AS HAVE BEEN USED SINCE BENEFICIAL USE BEGAN. DOCUMENTS IN IDWR FILES SHOW SOURCE AS LAKE CREEK, TRIBUTARIES, DAIRY CREEK, AND MC KINNEY CREEK. IT APPEARS THAT SOURCES WERE INCORRECTLY LISTED DURING THE LICENSING PROCESS. TWIN LAKES RESERVOIR & IRRIGATION CO. LTD. FILED CLAIM FOR WATER USERS...CO. DOES NOT OWN THE PROPERTY INVOLVED.

6/9/99, DJ: CLAIMANT AMENDED PLACE OF USE TO ADD 154 ACRES, PAID FOR BY OLEY KEVAN.

*** AMENDED CLAIM TO ADD POD AND 927 ACRES TO POU. 1/28/00 SCC.

15. Basis of Claim: BENEFICIAL USE

Water Right Number: 3437

**RE: Twin Lakes Reservoir & Irrigation Co., Ltd. -
SRBA Claim A 37-13120
Our File No.: 990057**

Dear Allen:

Enclosed please find an Amended Notice of Claim for the above-referenced Claim. The Amendment adds a point of diversion and 927 acres to the place of use. Therefore, I have included a check payable to the Department from my client, South Cove Ventures, LLC, to cover the additional filing of \$927. The additional acreage is on ranch lands recently acquired by my client and irrigated by this water right.

Please call me if you have any questions. Kindly conform the enclosed copy of the Amended Notice of Claim with the Department, receipt date stamp and return it to me in the stamped and addressed envelope I have also included for that purpose.

Thank you.

Sincerely yours,

October 15, 2007

Ken Cox
Fairfield, Idaho 83327

To Whom It May Concern:

I write this letter in reference to Twin Lakes Reservoir Company water used by Sten and Clarice Frostenson.

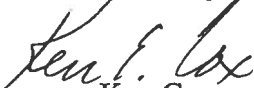

I worked for Sten part time from 1962 to 1965. While I was there, I saw water applied with sprinklers to two fields on the east side of the Highway 46. (Sec 20 1S15E)

There were hand lines on the "Reagan place" which is the south west corner of the section, south of the canal between the canal and the road that is 2 miles south of Highway 68. The pump was set next to the canal and the mainline ran north and south with the hand lines running east and west.

There were also hand lines on the north end of the "Butler place" which is the field on the north west side of the section. The pump was set by the canal on the east side of the field. The main line ran east and west and the hand lines ran north and south from the mainline.

There were head gates and diversions on the "Dillenger place" which is the north eastern portion of the section, and while I never irrigated that field, Chuck Packham, who also worked for Sten, irrigated out of the canal running north and again running east across the field.

Sincerely,

Ken Cox

Letter re initial
hearing1 (2)...

Hi Steve

This is a letter that legal is beginning to use to give claimants more info on what to expect at initial hearings. It also gives them the name of the agent to check with if they want to start settlement prior to the hearings. We wouldn't send this out on any of the Speck objections or the subcases with gov't (US or State) involvement. So basically we'd be looking at the objections in the Bonnie Fox (37-21795), Twin Lakes Res. & Irr. Co. (37-13120), Faulkner Hayhook Ranches (37-817-- altho there's an amended claim filed there that I don't recall anything on at the moment), the Rinker group (37-627 et al. and 37-1150 et al.) and the Van Horn group (37-35A et al.). Would it be possible for you and Matt to get together sooner on these objections and figure out where we're at? I think the letter will help them be better prepared at hearings. Thanks

- Vicki

Subject: twin lakes

Steve,

Jim Reedy of Twin Lakes Irrigation Company 37-13120 (Part 2) called Danielle and requested a map of their irrigated acres. They dislike their recommended acres and will probably file an objection.

Our latest POU is 4492 acres, including the acres added at the end by a couple farmers. You only recommended 4434 acres, I'm assuming because they only claimed 4434 acres.

I gave Danielle our latest shapefile of their irrigated POU and she sent them a map with a letter describing that the shape is 4492 acres, but the recommendation is for 4434 acres, as they claimed.

Danielle and I are at BSU tomorrow and Friday for training, but if you have any questions you can email us.

Steve,

I know you had to leave today so I called Jim back and basically told him what Doug wrote. However, he doesn't really know what the mystery 3 are even arguing about. I told him that he should not depend on us (you or me) getting him the information he wants before the objection deadline and he needs to pursue this information on his own. I also told him that if he still wasn't sure, he could just file an objection and then withdraw it later if he finds out he doesn't need one.

Anyway, the short story is that it should be clear that the burden of finding out what he wants to know is on him.

Thanks,

c

Subject: RE: Jim Reedy

It seems that if the service area boundary is wrong they need to object and get it changed. If it is only a matter of which acres are irrigated within an adequate service area then there is no objection, they have control of that. If the total number of acres is wrong then they should object and get it straightened out.

Thanks for following up on it Craig.

Doug

Subject: Jim Reedy

Hey Doug,

I received a call from Jim Reedy today.

After talking to Danielle and Mr. Reedy for a while (separately), it sounds like the recommended POU for the Twin Lakes Reservoir & Irr Company didn't encompass the land of three users. Mr. Reedy has been trying to get a hold of Steve Clelland as it is rumored that Steve knows the mystery names. My guess is that Mr. Reedy is trying to decide if he should object to the recommendation and in order to make this decision, he is trying to find out who the mystery 3 users are.

* The above is almost totally speculation*

I can't find a previous objection that would lead me to the mystery 3 and Steve is out and I don't know when he will be back. Danielle said the objection deadline is soon so that is why Mr. Reedy is in a rush.

The rumor is that you spoke with Mr. Reedy on Friday. Could you shed any light on this?

Thanks,

Craig

PS: On a side note, through my discussion with Mr. Reedy, he says that we recommended something like 190 acres of irrigated ground that has never been irrigated and this ground could be given up to pick up different ground if need be. My guess is he is saying that this acreage could be moved to the ground of the 3 users.

Re: Irrigation on Home Place.

I am the owner of the F Lazy F Ranch in the Manard District at Fairfield, Idaho in Camas County.

My property is under the Twin Lakes Irrigation System. My Home Place is 160 acres.

We had the land surveyed, leveled and ditches plowed in it. We raised alfalfa hay on it. We used the ditches for the irrigation until sprinklers came out. We bought the first sprinklers in Camas County and put them on the north side of the canal south of the house.

We pumped the water with a D2 Caterpillar Pump. I still have the pump. We sprinkled the land for years until we went into the cattle business and used it for "Cow Pasture".

I have no cows now and would like to farm it again.

I have more stock in Twin Lakes Irrigation than I ever use. At one time we watered other land on our farm. I have water stock for 320 acres which hasnt been used for years.

Sincerely

Clairice Frostenson

Re: Clarice Frostenson/Twin Lakes Canal Company water issues.

Dear Mr. Anders:

Mrs. Frostenson has requested that I provide you a letter recounting my memories of irrigation practices that were utilized on the property lying north of the Twin Lakes Canal Company "North Ditch" and immediately south and southeast of Mrs. Frostenson's home.

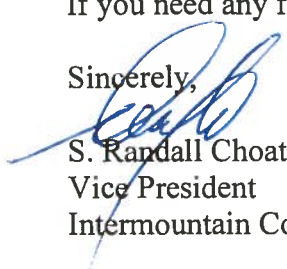

Having lived and worked on the farm since about May of 1960 until August of 1983, I can recall many times/summers that we irrigated both parcels (pasture ground to the southeast of Mrs. Frostenson's house and the cultivated ground directly south of the house) with 4" hand lines. The water source for irrigation was taken directly out of the canal and the system was pressurized by trailer mounted pump station powered by a Caterpillar diesel engine. The pump was generally placed in the canal at the south end of the boundary between the two parcels next to the canal. I believe to this day there is still a "check gate" located in the canal.

My earliest recollection of "moving pipe" on those properties would be during the mid '60's. My latest recollection of "moving pipe" would be the late '70's/early '80's. If memory serves, I cannot recall a summer during that period of time that we did not irrigate at least one, if not both of those parcels.

Hopefully, this will provide some background to the question that has arisen as to if the property has ever been irrigated.

If you need any further information or clarification, please do not hesitate to contact me.

Sincerely,

S. Randall Choate
Vice President

Re. Frostenson Property Irrigation

Dear Mr. Anders:

I'm writing this letter as requested by Mrs. Frostenson in regards to past irrigation of her property. The property in question has been irrigated in the past. This property was irrigated as early as the late 1950s or early 1960s. I know this because I was there visiting and working during the haying season for the Frostensons in the late 1950s and into the mid-1960s.

At the time when I was there and they were irrigating this property, they were sprinkler irrigating with water pumped from the canal.

I recall Mr. Frostenson talking about getting the property leveled and then surveyed and ditched for flood irrigation, but the flood irrigation didn't work well because there were high spots in the property after leveling that prevented the water from flood irrigating properly. Thus, the switch to sprinkler irrigation.

The property south of the canal has always been flood irrigated.

Should you need further information, you can reach me at the address or telephone number listed below.

8-1-05 Meeting Summary
Twin Lakes Irrigation District

Attendees:

Dave Tuthill, Danielle Favreau, Jim Reedy, and Dick ?

Reviewed Claim 13120 for Twin Lakes Reservoir & Irrigation Co. LTD

- Claim includes license 37-2105
- Company wants to change priority date - Evidence for 4/1/1909 as per affidavit is in vault file for 37-2105. 4/1/1908 date is date application for permit (37-2105) was filed. 10/25/1912 was priority date assigned to license 37-2105.
- Irrigation Storage and Irrigation from Storage right did not seem to be included in the license 37-2105. No other right for Twin Lakes Reservoir & Irrigation Co. LTD is on file at IDWR according to an Information Search. Nor was a storage right found in an Information Search for Mormon Reservoir as an organization.
- Irrigation from Storage and Irrigation Storage Annual Volume should be adjusted to 19,280 AF as per IDWR Safety of Dams Inventory. Jim mentioned that Dam was raised and spillway broadened but did not believe that there was an increase in storage capacity.
- The mystery of Lake Creek - Lake Creek is not identified on the USGS 24k quads. In speaking with Jim, he believes that Lake Creek was an intermittent creek that was 'swallowed up' Dairy Creek. He believes that Dairy Creek was diverted into Lake Creek over a small saddle and Lake Creek became Dairy Creek. There does not appear to be any large watershed breaks along Dairy Creek.

Actions:

- Jim and other shareholders will review the maps provided to clarify the number of irrigated acres in 1987 and adjust the boundary if necessary. The corrected map will be forwarded to Danielle.
- - Change Address of Current Owner to c/o Jim Reedy RT. 1 Box 1255 Fairfield, ID 83327
- Secretary is Nancy Hallowell – Jim will forward contact information
- A condition will need to be included in the recommendation to include the diversion for Dairy Creek toward the reservoir.

Note: There appears to be a conflict within the company regarding the transfer of irrigated acres post 1987.

PERMIT NO. 3437**Proof of Application of Water to Beneficial Use****Deposition of Holder**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Hugo Olson, age 30 yrs, Manard, Farmer, Fairfield, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. The Twin Lakes Reservoir & Irrigation Co., Ltd., Manard, P. O.
Fairfield, Idaho. Secretary-Treasurer. Authority from Board of Directors

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 3437. February 22nd, 1908. Priority October 25th, 1912

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Lake creek and tributaries, and Dairy Creek
1/4 cor on N. bdy. Sec. 4, T. 2 S. R. 14 E. N. 14° 46' E. 1383 ft.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dam 40 feet high, length 1070 feet at top, 175 feet at bottom.
Water is conveyed thru dam by a concrete culvert 36 inches in diameter
Headgate 3 ft wide and 3 feet high. Water is conveyed to land by means
of a ditch 14 ft wide at bottom and 20 feet wide at water line. This ditch
is divided about 400 feet from diversion into 2 ditches known as the north
and south side canals. Main ditch will convey 165 cubic feet per second

Ques. 6. State for what purpost water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Irrigation & domestic. Used on lands in Secs 33, 34, 35, 36 & 25,
T. 1 S. R. 14. Secs. 30, 31, 32, 33, 23, 29, 27, 19, 20, 21, 22, T. 1 S. R.
15 Secs. 1, 2, 3, T. 2 S. R. 14 E. Secs. 4, 5, 6, T. 2 S. R. 15 E.
Approximately 5000 acres. Used on cultivated land. Has improve land and
double production.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the specified above?

Ans. 3/4 of an inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

3437

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used since 1909 for irrigation. 165 cubic feet per second of the water has been used to water the land mentioned in the permit.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. None

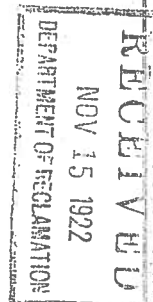

(Sign)

Wm. H. Kersien
by Hugo O. Kersien, secy.

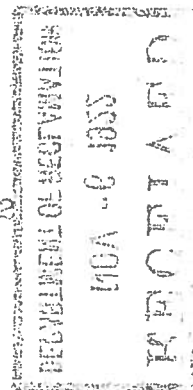

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me at my office in Fairfield County of Camas State of Idaho, on this 11th day of November A. Dear Sir:-

I am in receipt of Blanks for Proof of Completion of works and Proof of beneficial use of Water and in the Deposition of witnessess I notice the third question is as follows "' Have you read or heard read said Permit No. 3437 and are you familiar with its Provisions and Conditions'". I have been unable to locate a copy of this permit and will ask your office for a copy so that The witnessess may be able to answer this question intelligently. Also Wish to take a n exception to the published notice as far as to the date water was first used through the completed works the engineer who filled it out did not exactly follow my instructions as I stated to him that water was first used in 1909 July and he made out the notice as Oct ober 25 th. , 1912 I did not know this till the notice was published . I am encloseing a notice as published with the execption marked with a lead pencil. Please send a copy of permit at once and oblige Yours Truly,

Secretary

Twin Lakes Reservoir and Irrigation Co., Lt'd

3437

November 6, 1922.

Re: Permit No. 3437.

Mr. Hugo Olson, Secretary,
Twin Lakes Reservoir & Irrigation Co., Ltd.,
Fairfield, Idaho.

Dear Sir:-

Per your request the 4th inst., we herewith enclose
copy of the above numbered permit, for which please remit
seventy-five cents.

As to the date of priority in the notice now being published
would say that the date of priority under a permit right does not
date from the use of the water, as in a decree, but from the date
of the first receipt of the application in this office and, when
proof of beneficial use is made at a subsequent date than specified
in the permit, the date of priority is brought down a length of time
equal to the time elapsing between the date proof should have been
made and the date proof is actually made. Inasmuch as this proof
is being made 4 years, 8 months and 19 days later than the date set
out in the permit for proof of beneficial use, the priority is brought
down the same period of time from the date of the filing in this office,
which was February 6, 1908, thus making the priority now October 25, 1912.
The change in the published notice was made at this office before sending
the notice to the paper, and we advised Mr. Baer of the change.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.
CBy

Chief Clerk.

Twin Lakes Res. & Irr. Co.
C/O Jim Reedy
RT 1 Box 1255
Fairfield, ID 83327

Mr. Reedy,

Enclosed is a draft map of the Twin Lakes Res. & Irr. Co. service area and irrigated acres served by the company. Updates were completed as indicated by the maps sent to me. I have returned your edited map for your records. Please review the area within which the Twin Lakes Res. & Irr. Co. delivers water to its users as well as the delineated boundary to make sure that all the land serviced by the company as of 1987 is included.

If changes are required, please draw directly onto the new map with a dark or silver pen to indicate any additional changes or omissions then mail the map back to me at the address below.

If your review confirms that there are no changes, than a representative of the company needs to sign and date the enclosed acknowledgement letter. Please send the signed letter to me at the address below. Please use only the acknowledgement letter included with the correct map.

The acres and boundary indicated will be digitized and reconciled with the acreage the Twin Lakes Res. & Irr. Co. claims in the SRBA. Dave Tuthill will assist you if you have questions regarding your claims. He can be reached at (208) 287-4805, or via email at Dave.Tuthill@idwr.idaho.gov.

Please call or write either Dave or me if you need additional maps, or if the map needs to be expanded to include areas not shown but served by Twin Lakes Res. & Irr. Co.

Sincerely,

Danielle Bruno-Favreau

Boise, ID 83720-0098

To Whom It May Concern:

The Board of Directors of the Twin Lakes Res. & Irr. Co. has deemed that the service area boundary of the Twin Lakes Res. & Irr. Co. is illustrated accurately, without modifications, and in its entirety on the map(s) created by Danielle Favreau on December 30, 2005. Additionally, the previously identified map(s) accurately illustrate the location of land serviced by the company as of 1987. We understand that in the process of finalizing the SRBA recommendations, these maps may be adjusted.

Re: Amending the place of use for claim # 37-13120
Our File: 7364-1

Dear Jim:

Victor Smith and Pamela Smith (the "Smiths") have retained the law firm of Givens Pursley LLP to represent them with respect to Twin Lakes Reservoir & Irrigation Company's ("Twin Lakes") ongoing water right issues before the Idaho Department of Water Resources (the "Department). As you know, the Smiths are shareholders in Twin Lakes with 806 shares. The Smiths own approximately 814 acres within Twin Lakes' service area. The Smiths irrigate approximately 489 acres of their property with water from Twin Lakes.

Twin Lakes has filed a beneficial use claim (Water Right # 37-13120) with the Department and the Snake River Basin Adjudication Court ("SRBA"). In its beneficial use claim, Twin Lakes has asserted a claim to 60 c.f.s. with a priority date of April 1, 1908. Twin Lakes currently holds a licensed water right for 60 c.f.s. with a priority date of October 25, 1912 (Water Right # 37-2105). By all appearances, the two water rights pertain to the same water.

Other than a priority date some four years earlier, it is unknown why Twin Lakes filed its beneficial use claim. I have these questions concerning the beneficial use claim: Assuming that there likely are very few intervening water right holders with priority dates between the two water rights' priority dates, what does Twin Lakes stand to gain by pursuing this beneficial use claim? When did Twin Lakes make the decision to pursue the beneficial use claim and when was the claim filed? What precipitated Twin Lakes' decision to pursue the beneficial use claim? Exactly who at Twin Lakes made the decision to pursue the beneficial use claim? Were all of the Twin Lakes shareholders consulted regarding the decision to pursue the beneficial use claim?

SCANNED

JUN 16 2005

Secondly, in reviewing Water Rights 37-13120 and 37-2105, I have determined that much of the Smiths' property irrigated with water provided by Twin Lakes: (a) is not included within the place of use for Water Right 37-13120; (b) is not included within the place of use for Water Right 37-2105; and/or (c) is not included within the area designated as the "irrigated area" on the enclosed maps. It would therefore appear that Twin Lakes is currently misrepresenting the places of use for these water rights to the Department.

For your convenience, the following table lists the acreages irrigated by the Smiths with Twin Lakes water and indicates whether those acres are included within the places of use for the Twin Lakes Water Rights and/or are properly delineated on the irrigation map:

	Listed in place of use for Water Right 37-13120?	Listed in place of use for Water Right 37-2105?	Delineated as an Irrigated Area on Current Map?
Section 31, T1S, R15E, 27.9 ac. NWNW	No acres listed in NWNW	40 acres listed for NWNW	Yes
Section 31, T1S, R15E, 22.5 ac. NENW	25 acres listed in NENW	40 acres listed for NENW	Yes
Section 36, T1S, R14E, 15 ac. SWNW (approx.)	30 acres listed in SWNW	40 acres listed in SWNW	Yes
Section 36, T1S, R14E, 25.4 ac. NWNW (approx.)	No acres listed in NWNW	10 acres listed in NWNW	Yes
Section 35, T1S, R14E, 38 ac. SWNE (approx.)	40 acres listed in SWNE	40 acres listed in SWNE	Yes
Section 35, T1S, R14E, 8 ac. NWNE (approx.)	10 acres listed in NWNE	10 acres listed in NWNE	Yes
Section 35, T1S, R14E, 9.3 ac. NENE (approx.)	No acres listed in NENE	10 acres listed in NENE	Yes
Section 35, T1S, R14E, 9.3 ac. SENE (approx.)	20 acres listed in SENE	40 acres listed in SENE	Yes
Section 30 T1S, R15E 40 ac. NESW (approx.)	40 acres listed in NESW	40 acres listed in NESW	All but a few acres (see enclosed map with hand annotations)
Section 30 T1S, R15E 39 ac. SWNW (approx.)	40 acres listed in SWNW	40 acres listed in SWNW	Partially, about half (see enclosed map)

SCANNED

JUN 16 2005

June 15, 2005

Page 3

Section 30 T1S, R15E 28 ac. NWNW (approx.)	No acres listed in NWNW.	5 acres listed in NWNW	Partially, about half (see enclosed map)
Section 30 T1S, R15E 30 ac. SENW (approx.)	40 acres listed in SENW	40 acres listed in SENW	All but a few acres (see enclosed map)
Section 30 T1S, R15E 154 ac. SE¼ (approx.)	40 acres listed in SE¼	160 acres listed in SE¼	All but about 30 acres (see enclosed map)
Section 30 T1S, R15E 34 ac. SWNE (approx.)	No acres listed in SWNE	40 acres listed in SWNE	Partially, about 80% (see enclosed map)
Section 30 T1S, R15E 9 ac. SENE (approx.)	35 acres listed in SENE	40 acres listed in SENE	No

As you can see from the table above, Twin Lakes beneficial use claim and its licensed right currently have very different places of use. These discrepancies need to be explained and remedied before the Department.

The Smiths request that Twin Lakes immediately take the proper and necessary actions before the Department to correct these errors and ensure that all of the property that the Smiths irrigate with Twin Lakes water is (a) included within the places of use for both the Twin Lakes licensed right and the Twin Lakes beneficial use claim and (b) is correctly delineated on the irrigation map.

I have in my possession a letter addressed to you from Danielle Bruno-Favreau of the Department, wherein the Department instructs you and Twin Lakes to "draw directly onto the map with a dark or silver pen to indicate any additional changes or omissions" in the areas being irrigated with Twin Lakes water. To that end, please find enclosed a map of the Twin Lakes service area, upon which I have delineated those areas irrigated by the Smiths which currently are not listed within the irrigated areas. Please immediately take the necessary actions to amend the places of use for Water Rights 37-13120 and 37-2105 to include those areas delineated on the enclosed map.

Jim, I am also in possession of a letter dated April 15, 2005, from the Department and addressed to Twin Lakes, wherein the Department asked that Twin Lakes provide the Department, on or before June 17, 2005, with evidence of the claimed April 1, 1908, priority date for Twin Lakes' beneficial use claim. With this deadline rapidly approaching (whether that deadline is soft or not), it is important that Twin Lakes' asserted places of use for both Water Right 37-13120 and Water Right 37-2105 be amended to include the Smith's irrigated lands.

I am confident that Twin Lakes can resolve this matter before the Department to ensure that the places of use for both of the above mentioned water rights are accurately stated. Your

Subject: Twin Lakes

Norm,

It appears that the useage under 37-02105 would not have been included in the Frost Decree. Information in the claim file and dam safety records indicate that the dam wasn't completed until 1908 and the Frost Decree was dated 1909. I would, at first blush, conclude that the storage would be junior to any Frost Decree right. The useage most likely began before the application was filed in 1912 (assuming no loss of priority due to procedural misstep).

I wouldn't go so far as to say there is no uncertainty with regard to the claim, but it appears that they have covered the components of the system with the claim (A37-13120).

This is just a cursory look-see, but may help frame whatever question Mr Speck has. Please get in touch if there are other questions which the region can assist you or Mr Speck with.

Doug

COMMUNICATION DOCUMENTATION

From: Vikie Hancock

May 5, 1999

Regarding:

Customer:

A37-13120

TWIN LAKES IRR CO

[illegible]

Crystal from Rosholt's office called regarding the above claim. She had questions about the place of use because the claimant had an original license 37-02105 for over 6000 acres and this AJ claim is for 3355 acres with the same div rate as the license. She wondered if this would be a claim for a permissible place of use where they could irrigate 3355 acres out of a ppu of 6000 acres. She didn't see anything like that in the electronic record. I looked at the electronic claim and told her that I didn't see any remark about a ppu either, and that usually the entire 6000 acres would be claimed as the place of use with a remark that they were limited to 3355 within that ppu. Crystal said there is no AJ claim on the license 37-02105, and no other AJ claim for this claimant on these tracts. I told her that I wasn't looking at the paper file, and that it was possible that there was more information in there. Other than that, maybe the claimants could shed some light on their reasons for claiming this right the way they did. I told her that before any conclusions could be drawn, she may want to look at the paper file herself. We also discussed that during claims investigation in basin 37 the department would be in contact with the claimant.

Dear Claimant(s):

Please find enclosed your receipt and a copy of a computer generated claim based on the information from your original claim(s) which has been entered in our computer records.

Please review the computer generated claim for accuracy. In a few instances clarifications may have been added by the Department at the time of data entry. If you have any questions or objections regarding the computer record of your claim(s), please contact this office.

Yours truly,

Department of Water Resources
Southern Region Office

SUBJECT Background

The attached proof report was used as a worksheet while I assisted the Twin Lakes Res. & Irrig. Co. to file a claim. They are claiming a beneficial use right, rather than the license in order to claim 1908 priority date.

I am sending this worksheet to the file to help show the changes in where irrigated acres are, compared to the licensed acres.
