Dear Claimant:

In the past, you submitted the claim(s) identified by the numbers shown above your name and address at the top of this letter. You indicated on the claim(s) that the basis for establishing the water right(s) was Beneficial Use, meaning the water right was not previously confirmed by a decree, water right license or permit before you filed the claim(s).

The purpose of this letter is to request evidence supporting the priority date(s) listed on your claim(s). The enclosed pamphlet describes what this means. While I encourage you to read all of the pamphlet, I direct your attention to the right-hand half of the pamphlet after you open it. There you will find two sections: What Kind Of Evidence Is Required, and Some Examples of Documents Which May Be Evidence of the Priority Date. These sections tell you what must be submitted. The other sections tell you why the evidence is necessary.

The Department of Water Resources cannot recommend your claim(s) to be decreed without written evidence supporting the priority date(s) listed on your non-domestic and stock claim(s). Please respond within 30 days of the date on this letter.

It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. If you have questions not addressed by the pamphlet or need other technical assistance, please feel free to contact this office. For advice on your water right(s), please contact your attorney.

Sincerely,

Allen Beardslee
Sr. Water Resource Agent

Dear Sirs:

Our irrigation ponds are used on a regular basis for orchard water & has been since 1949 when the first one was constructed with U.S. S.C.S. financial assistance. Clearwater Valley Light & Power Co. had a separate pole & meter by the main pond since that time sold for the purpose of irrigation power. Since that time we have a maximum of 15,000,000 gallons of water on the orchards and all of the water in all ponds falls on our land by runoff & is only runoff from our farm
