

STANDARD FORM 5 REVIEW REPORT

Subcase No. 34-02207

In Re SRBA

Twin Falls County Civil Case No. 39576

Report to the SRBA District Court

Prepared by the Idaho Department of Water Resources
Karl J. Dreher, Director

August 19, 1996

DESCRIPTIVE SUMMARY

IDWR submits this report to inform the Court and the parties that IDWR has reviewed the Standard Form 5 submitted by the parties in this subcase and that the Director has chosen not to sign the Standard Form 5.

DISCUSSION

The Director did not sign the Standard Form 5 for the reasons set forth below.

1. The description of the elements of the water right in the Standard Form 5 are not correct as stated below:

☐ Name and Address

☒ Source

For purposes of clarity, the source should reflect "Beck Canyon Creek" instead of "Beck Canyon."

☒ Quantity

The "total" quantity of water for this right is incorrectly stated in the SF5 as ".05 cfs." The correct quantity should be ".50 cfs." Further, IDWR did not sign the SF5 because the further description of the stockwater quantity element for this right should be consistent with the resolution of Basin Wide Issue 12, which is currently under consideration by the Court.

☐ Priority Date

☐ Point of Diversion

☐ Purpose of Use

☐ Period of Use

☐ Place of Use

☐ Consumptive Use

☐ Other Matters Necessary to Define or Administer the Right

2. The Standard Form 5 was not signed by the Director for other reasons as stated below:

☐ Federal Reserved Water Right

☐ Other

Respectfully submitted this 19 day of August, 1996.

Matt J. Howard
Deputy Attorney General
Idaho Department of Water Resources

CERTIFICATE OF MAILING
