

STANDARD FORM 5 REVIEW REPORT

Subcase No. 34-12467

In Re SRBA
Twin Falls County Civil Case No. 39576

Report to the SRBA District Court

Prepared by the Idaho Department of Water Resources
Karl J. Dreher, Director

August 19, 1996

DESCRIPTIVE SUMMARY

IDWR submits this report to inform the Court and the parties that IDWR has reviewed the Standard Form 5 submitted by the parties in this subcase and that the Director has chosen not to sign the Standard Form 5.

DISCUSSION

The Director did not sign the Standard Form 5 for the reasons set forth below.

1. The description of the elements of the water right in the Standard Form 5 are not correct as stated below:

☐ Name and Address

☐ Source

☒ Quantity

The quantity of water for this right is correctly stated in the SF5 as ".02 cfs." However, IDWR did not sign the SF5 because the further description of the quantity element for this right should be consistent with the resolution of Basin Wide Issue 12, which is currently under consideration by the Court.

☒ Priority Date

The priority date stated in the SF5 is prior to the Utah Constr. Co. v. Abbott Decree. This issue will be determined as part of the summary judgment proceedings in subcase nos. 34-11576, et al. IDWR did not sign the SF5 because this element should be determined consistent with those proceedings.

☐ Point of Diversion

☐ Purpose of Use

☐ Period of Use

☐ Place of Use

☐ Consumptive Use

☐ Other Matters Necessary to Define or Administer the Right

2. The Standard Form 5 was not signed by the Director for other reasons as stated below:

☐ Federal Reserved Water Right

☐ Other

Respectfully submitted this 19 day of August 1996.

Matt J. Howard
Deputy Attorney General
Idaho Department of Water Resources
