Re: 92-10874

We are returning a copy your Notice of Claim. The date of priority needs to be listed In Item #2. The date of priority is the date the water was first used regardless of who owned the property. The uses and amount of water needs to be completed in item #6. If it is for household use and lawn and garden it would domestic use for 0.04 cfs. Stockwater for up to 100 head would by 0.02 cfs.

Would you please complete these items and return the claim to our office.

Thank you,
