RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. **Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.

Dear Mr. Cook

To give credence to what I say in this letter, I probably need to give a short summary on parts of my life.

I was born Oct. 16, 1913 to Grace and Will Leaton P.O. Challis, Idaho. My parents were both born, raised and died in this vicinity, which proves that my family is not new to this community.

The Leaton family (4 boys 2 girls & parents) bought the Jewalt ranch from John Smith who had foreclosed on Dave Jewalt (1925? not sure of the right year). In 1927 I graduated from Challis Eighth grade and in 1928 I became the irrigator of the ranch (320 acres). I irrigated every year until 1945 with the exception of 1940. Being very sure and acquainted with the water and ground, I know you have a very good claim. Among other things

A large part of the irrigators' job was to help keep the ditch full. We would pile up the rocks to form a wing dam and then use fresh cut hay, mostly sweet clover, to fill cracks in the rocks. This Salmon River water was used to water the upper part of

the ranch (about 160 - 200 acres.)

Through here say I was told that an injunction had been served on a Lynor Wilkinson (date unknown) to stop him from building a new ditch between the ^{Small's} ~~Small's~~ ditch and the Leaton and Hammond ditches (I use these names I knew them by.)

This new ditch was started close to the house now known as the Ray Saverty place. I don't know the year but this can be checked at Custer County Courthouse.

Some time, (I think in the late 1930's) the State of Idaho had a weir put in our ditch. They measured and monitored the water used. They determined that six inch to the acre was not nearly enough to raise crops.

Hoping you all the success in the world with the Water Resources Board (you'll need it.)

She called to ask if she was obtaining enough information for the evidence of her claimed priority. She plans to get an affidavit signed by HANK LEATON.

I mentioned we have some evidence to support 1885 for her claim but she should also get the information she is pursuing.

I briefly described the AT process through the Director's Report for the Basin.

I told her the best way to keep a water right valid is to continue the beneficial use of the water.

RE: Revised Recommendation for SRBA Claim 72-04080K

Dear Ms. Cook,

Enclosed please find a revised recommendation for your SRBA claim 72-04169. Although you have not indicated to IDWR whether you agree or disagree with the recommendation made, it has been shown some corrections are needed to adjust your recommendation. A Notice of Error was filed by Mr. & Mrs. Warnecke stating the parcels were incorrect as recommended and this was confirmed with deeds in the file. I have revised the recommendation and the GIS layout for your water right claim 72-04080K.

Please review this change and if you are still in agreement with the recommendation, then no action is necessary. If, however, you disagree to this correction then please notify our office within 10 days of this letter.

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

HE ASKED ABOUT THE RIGHTS FOR ROBERTA COOK AND RANDY CORGATELLI. I LOOKED THE RIGHTS UP ON COMPUTER AND FOUND COOK TO OWN A72-04080K AND CORGATELLI TO OWN A72-04080D & A72-04080M. I READ OFF THE CLAIMED AMOUNTS FOR THESE THREE RIGHTS TO MR. COPE. HE ASKED ABOUT WHAT A CLAIM MEANS... I EXPLAINED THE SRBA ALLOWS FOR CLAIMS TO BE FILED TO STATE THE RIGHTS PEOPLE CLAIM TO OWN BUT THEY HAVE NEVER BEEN VERIFIED BY OUTSIDE PARTIES. I HAVE PREPARED A RECOMMENDATION AND WILL SUBMIT IT TO THE COURT FOR APPROVAL. HE SAID THE CLAIMS WILL WORK FOR A COMPARISON OF THE TWO RIGHTS.

Dear Ms. Cook:

Enclosed are copies for your files of the SRBA claims referenced above. I have also enclosed a change of address form that you may complete and return to correct the mailing address on these claims.

I have also partially prepared a notice of claim for the domestic well drilled in 1981. The items you will need to complete if you decide to file a claim for this water use are circled in red. If you do return a completed notice of claim for this water use, we will need to have the Request for Extension of Time to File Adjudication Claim(s) completed and returned as well. The filing fee for this claim is \$25.00.

If you have any questions, please call me at 327-7939.
