HELLO:

I drew a circle with an arrow toward well, (approximate). There is a building or shed on a property across the road. Cross the road, the well is quite close ^{to road}. The well, when the lot is divided is on the downwind side of the lot and also, it will be close to the middle of the two lots. If needed, contact

Frame & Smetana, Russell D Helgeson PE,
as this is the firm handling this at
208-1664-2121.

Parcel # 9200
Bella Vista Rd

Thank you

Michael J. HAEG
